Biggest Spenders

Ottawa, Aug. 29.—Canadians are becoming greater spenders, if figures published today by the Dominion Bureau of Statistics, showing the relation of bank deposits to bank deposits, may be taken as a criterion. During the month of July \$4,004,000,000 was withdrawn from Canadian banks, 15 per cent. more than during the corresponding period of 1928, while deposits showed a decline of 3 per cent.

On a percentage basis the people of British Columbia appear to be the greatest spenders, with an increase in debits of 23

per cent. during the first seven months of this year over the corresponding period of last year.

Ontario came second with an increase of nearly 12 per cent. and with debits aggregating more than \$11,000,000.

Furniture Stores

On Coast to Merge

Longview, Wash., Aug. 29.—Furniture store owners here today announced plans for a proposed merger of retail stores of the entire west coast for the purpose of stabilizing and centralizing business assets. Formation of a \$1,500,000 corporation was in prospect, store owners said, which would own and control Seattle and Tacoma stores and Portland factories.

SUGGEST CHANGES IN MARRIAGE ACT DURING SESSION

Presbytery Would Register All Persons Certified to Perform Ceremony

To Send Resolutions to Government; Work Among Chinese Stressed

Changes in the Marriage Act, suggested by the Victoria Presbytery during its sessions in St. Andrew's Church yesterday, will be forwarded to the Attorney-General. The changes proposed by the Presbytery aim to keep full authority for performing the ceremony in the hands of responsible persons, in order to ensure that the body drew up the following resolutions:

That the presbytery is in favor of the registration of all persons entitled to perform the marriage ceremony; that such persons should be certified by the religious body they represent; and that the Government should be satisfied as to the bona fides of the religious body issuing such certification.

ENDORSE CALL

During yesterday's session the presbytery endorsed the call from St. Andrew's congregation, Nanaimo, to Rev. John McTurk, and set September 26 as the date of his induction. P. S. Luttrell will preside, while Rev. R. M. Rollo will address the minister and T. Humphries the congregation.

Appreciation of the work already done and suggestions for future endeavors were included in the reports on the activities of the body among the Chinese of Victoria. These reports were submitted by the moderator and clerk.

During the evening Mr. Humphries reported on the work of the General Assembly of the Presbyterian Church, at which he had been commissioner for Victoria. He spoke of the entertainment, speakers and other interesting features. The Assembly's appreciation of the need for men to take over the different fields was stressed in the reports given during the session.

WORKS AMONG CHINESE

Special efforts were being exerted in the field of young Chinese resident in Canada. In the entire Dominion there were 55,700 Chinese. Of these 31,116 lived in British Columbia. In view of the fact that there were forty times as many men as women of this race in the land the problems to be solved appeared great, it was noted.

Need for more workers in the mission fields of India, Manchuria, Japan, Formosa and British Guiana was also stressed.

SHOWING INCREASE

Statistics showed that during the year 8,229 persons had been received into the Presbyterian Church on profession of faith, while 7,893 had come in by certificate. The names of 9,435 had been taken from the roll.

An increase of 22,589 in three years was shown in the total membership up to December 31 last year. At that date the aggregate stood at 178,841.

An increase of \$196,127 over the amount in hand in 1927 was shown in the finances of the church, which had reached \$4,638,216 at the last audit.

COMMITTEES APPOINTED

During the session the following standing committees were appointed: Missionary, Rev. J. S. Patterson, Rev. H. P. S. Luttrell, Rev. Samuel Lundie and Walter Lee; budget, Thomas Humphries, Alex. Cruickshanks, W. A. Jameson and R. H. McEwan; Sunday School and Young People's Society, Rev. John McTurk, George E. Davidson and T. Humphries; benevolent, Rev. Samuel Lundie and Rev. T. H. Davies.

RUM CRAFT AND LIQUOR SEIZED BUT MEN ESCAPE

Eleven Boats Captured On Lake Erie by U.S. Coastguards

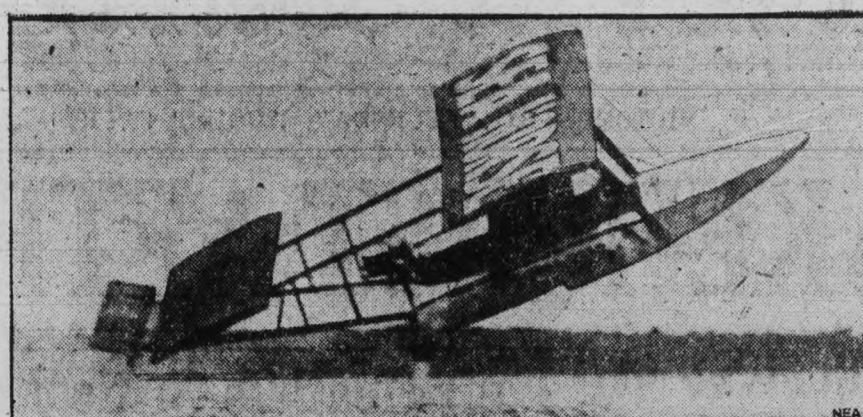

Windsor, Ont., Aug. 29.—Smugglers operating five juggers carrying 3,000 cases of beer and whisky escaped under fire yesterday from United States coastguard cutters which intercepted them where the Huron River enters Lake Erie. Nearly a dozen run-runners escaped in two speedboats, chased on their way by volleys of revolver shots from the police six empty craft were seized in addition to the juggers and the liquor.

LINCOLN'S CLOCK

This clock once served Abraham Lincoln. Rachael McElhinney, University of Kansas co-ed, is holding the timepiece which Lincoln auctioned off when he left Greenview, Ill., for Springfield to practice law. It is now owned by W. O. Swain of McLeouth, Kan.

OUTBOARD MOTORBOAT FLIES—WITH WATER PROPELLER

There's no keeping a good outboard motorboat down. This one was equipped with a set of wings at Suburndale, Fla., just as a "take-off" on aeroplanes—and the craft took off. Here you see the strange boat as it left water at a high speed—the first flying ship with a water propeller. Of course, it didn't stay in the air very long.

Harrison Fraser, motorboat racer, was the pilot.

THOUSANDS TELL DEAR SECRETS TO DOROTHY DIX

Her Desk Becomes a Confessional, Says Highest Paid Woman Writer

"My desk has become a confessional at which men and women open their hearts and tell me the secrets they would not tell their nearest and dearest," said Dorothy Dix, the world's highest paid woman writer.

Miss Dix has returned east after her summer vacation visit to British Columbia and next Tuesday she will start her daily series of articles in The Victoria Daily Times.

Miss Dix's articles will appear exclusively in The Times in Victoria. "I have seen women in their moments of triumph and in their hours of despair, and there is no joy or sorrow that can tear the human heart that

do not know. I have sat in prison cells and listened to the heart stories of murderers, and have sat in luxurious drawing-rooms while the guest of millionaires' wives. I have been the confidante of fallen women and those responsible for their fall.

"All of this has given me a knowledge and an understanding of human nature that no young girl or woman who has led just a home life could have. The letters I receive from persons asking my advice to help them in their troubles are my real pay for my work."

Preparing Relishes That Will Whet The Appetite

"Peel your onions and shed a tear. For pickling time is drawing near."

expresses more truth than poetry, for no relish achieves quite the right tang without a touch of onion.

Sauces wanted for winter use should be made highly flavored. Spices and seasonings mellow and blend with standing, and since the mission of the relish is to whet the appetite, the relish should be pleasantly pungent when opened for use.

Keep in mind the necessity of storing any material canned in glass in a dark cool place. Light will cause fruits and vegetables to lose their color and one of the "points" of a good relish is its bright color.

Pepper relish, sometimes called "Dresden relish," and beet relish are attractive to look at and very good to eat.

Six sweet red peppers, six sweet green peppers, six sweet yellow peppers, six medium sized dry onions, two tablespoons salt, one and one-half cups light brown sugar, two teaspoons white mustard seed, one tablespoon celery seed, three cups vinegar.

Remove seeds from peppers, peel the onions and put all through food chopper. Put into colander and pour several quarts of boiling water over it. Add sugar, salt, mustard and celery seeds to vinegar and bring to boiling point. Add prepared vegetables and cook slowly for one hour. Seal in sterilized jars.

Two cups chopped cooked beets, two cups shredded cabbage, one-half cup grated horseradish, one cup sugar, two teaspoons salt, one quarter teaspoon pepper, two cups vinegar.

The beets are cooked until tender, dipped in cold water to slip skins and measured after chopping. Combine all ingredients, using enough vinegar to cover mixture. Bring to the boiling point and cook five minutes. Seal at once, boiling hot, in sterilized jars.

Describe Eagles Parley In East

The Eagles' convention at Minneapolis this year was described by Past State President Frank Le Roy and Junior Past President Charles A. Jessper at a meeting of Victoria Aerle No. 12 last night.

Over 8,000 Eagles from all parts of Canada and the United States attended the gathering. Mr. Le Roy said, also announcing that \$5,000 would be spent by the Order for erection of a War Mothers' Home at Denver.

The Eagles' Drum Corps and thirty lodge members attended a Fort Angeles Eagles' picnic last Sunday.

Old Age Pensions Vote Is Recorded

St. John, N.B., Aug. 29.—A resolution urging the Governments of Quebec and the Maritime Provinces to enact legislation in order to bring the Old Age Pensions Act into effect was passed by the delegates at the annual convention of the Trades and Labor Congress of Canada here yesterday. Those responsible for the resolution declared that, inasmuch as the people of Canada as a whole were direct contributors to the funds required for the payment of the pensions, provinces which did not obtain these benefits were being discriminated against.

When Pain Comes

Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the fifty years since its invention. One spoonful of this harmless,

tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for fifty years in correcting excess acids. Each bottle contains full directions—any drugstore. (Adv.)

NEW HOME FOR SEATTLE TIMES

Building To Be Erected In
Sound City Will Cost
\$1,250,000

Seattle, Aug. 29.—Plans to erect a \$1,250,000 newspaper plant for The Seattle Times were announced here yesterday by Col. C. B. Blithen, publisher of the paper.

The present building at Times Square, three stories high, has been outgrown, according to Col. Blithen, and the rapid construction of buildings around it has so increased its value that it was out of the question to use it longer for manufacturing purposes.

GERMANY HAS THREE BIG FIRES

Berlin, Aug. 29.—Three big fires in various parts of Germany yesterday killed one and injured a score and caused damage running into millions of marks.

Twelve firemen were injured in fighting a blaze on Kurfürstendamm, the "Broadway of Berlin."

One workman was killed and several injured in a terrific explosion in a glycerin works at Hamburg.

The entire village of Wormfelds, near Lamsborg, was razed by a fire which began in the early morning. Thirty homes were destroyed and the occupants lost all their possessions.

Many Attend Reid Funeral In Ontario

Prescott, Ont., Aug. 29.—An honored son of Prescott, whose seventy years of life had led him from the farmhouse to the House of Commons and the Senate, was buried here yesterday. The funeral of the late Senator J. D. Reid, long prominent as a Conservative legislator, largely attended, was held from the family residence. In the Blue Church Cemetery, noted as the burial place of Barbara Heck, founder of Methodism in Canada, the remains of the Senator were interred.

The death had occurred on Monday following a stroke the preceding week. Honorary pallbearers were Sir Robert Borden, Sir Thomas White, Premier Ferguson of Ontario, Rt. Hon. G. P. Graham and Maj.-Gen. the Hon. E. C. McBurn.

Eight Killed By Mexican Bandits

Mexico City, Aug. 29.—Press dispatches say the mayor, a councilman, the chief of the defence corps and five other residents of the village of Tepic, in the State of Oaxaca, were killed by bandits who sack the town.

The defenders resisted the attack from the roof of the village church for an hour before they were defeated.

MEMORIAL PRAYERS

Melbourne, Aug. 29.—Memorial prayers will be recited here for the Jews killed in Palestine in the Arab-Jew disorders. Rabbi Brodie announced yesterday. The Jewish Herald, in an editorial, exhorts Australian Jews to be calm. It says that Great Britain's inspiring response to the High Commissioner's appeal shows the Government realizes fully its obligations under the mandate.

ST. LOUIS HONORS ENDURANCE FLIERS

One of the greatest public demonstrations St. Louis has seen since Lindbergh returned there after his transatlantic flight was staged when the city honored Dale (Red) Jackson and Forest O'Brien, pilots of the record-breaking endurance plane, the St. Louis Robin, who remained aloft approximately two and one-half weeks. Thousands cheered as the pilots paraded through the streets. This picture was taken during the enthusiastic demonstration and shows the heroes in the leading auto.

TARIFF BILL TUSSLE IN U.S. IN NEW STAGE

Democrats Prepare for Fight At Resumed Senate Session Next Week

Washington, Aug. 29.—The Senate finance committee Democrats were ready to-day to go forward with consideration of amendments to the Republican tariff bill in preparation for the long, bitter controversy that will move next Wednesday from the field of public statements to the Senate floor.

The expected advance publication of the committee majority's report on the bill had been postponed until next Tuesday. The Democrats had counted on having this available to-day or tomorrow for consideration before deciding whether to present a minority report.

MUCH CRITICISM

Brought into the open in its final form, the majority bill showed only a few important changes not already disclosed to the public. It inspired, however, a fresh outburst of criticism from Democrats and Republican independent opponents of the legislation.

Senator Harrison, Democrat, Mississippi, said it was "even worse than when it was passed by the House," and Senator Nye, Republican, North Dakota, expressed the opinion that no tariff legislation at all would be better than these proposals.

Senator Wheeler of Montana bitterly assailed the removal of proposed manganese rates, saying it would force the mines in his state to close.

U.S. WHEAT DUTY PLAN IS OPPOSED

Senate Finance Committee Recommends Milling Bond Plan Be Continued

Washington, Aug. 29 (By Canadian Press Correspondent).—Provision made by the House for the imposition of the regular duty of forty-two cents a bushel on Canadian wheat entering the United States in bond has been stricken from the tariff bill by the Senate finance committee. This was revealed yesterday when the complete work of the committee was made public.

In 1928 Canadian wheat to a total of 11,000,000 bushels came into the United States for milling, mixing with U.S. flour and shipping to Cuba. The United States has a preferential trade agreement with Cuba by means of which United States goods imported into the island are dutiable at eight per cent of the regular tariff rate.

Millers of wheat imported from Canada in bond shipped it as flour to Cuba, where it entered at the same rate as the United States grown product. Millers of the southwest carried on a fight against this practice with the result that it was condemned by the House. The actual result of the House's action would be to prohibit entrance of Canadian wheat in bond to the United States. The Senate committee would have this action reversed, leaving the law as it stands at present.

Hudson Bay Line Is Soon to Carry Heavy Freight

Ottawa, Aug. 29.—Twenty miles of the Hudson Bay Railway remains to be ballasted, according to officials here, and when that is done the road will be ready for heavy freight. Given favorable conditions, three weeks will be all that will be necessary to finish the work. Light traffic has been running over the railway all summer, while during last winter considerable heavy freight and material for the harbor works at Fort Churchill were taken in. The structures at the port are progressing rapidly. The foundations for the railway terminals, round-house and other structures are already above ground. In the harbor itself, dredging is being carried out. Fort Churchill's population totals about 550, all Department of Railway workers. There are also a number of Indians, a Hudson's Bay Company post and a Mounted Police post in the neighborhood.

A GREAT ACHIEVEMENT

WE HAVE BECOME SO ACCUSTOMED to new records in the air that nothing surprises us now; but the feat of the Graf Zeppelin stands out from all the rest, and it will go down in history as an epic in aerial navigation.

The giant airship has established two records. It is the first vessel of its kind to circle the globe; it also accomplished the journey in less time than it had been accomplished before. John Henry Mears and C. B. D. Collyer completed the circle in twenty-three days, fifteen hours and twenty-one minutes; but they used airplanes over land and ships across the Atlantic and Pacific. Dr. Eckener used just twenty-one days seven hours and thirty-three minutes from the time he left Lakehurst on August 7 until he brought his ship to the ground at the same point this morning. Of actual flying time, however, he consumed only eleven days twenty-three hours and four minutes for a voyage of 20,000 miles.

These are the bare facts, startling enough in themselves, but they furnish us with plenty of material upon which to let our fancies roam. This fine achievement, moreover, was both spectacular and interesting—the sort of thing that may well take hold of public imagination and restore the dirigible to the place it formerly held in the minds of men. For it is only about a dozen years ago when all speculation about long-distance commercial aviation was confined exclusively to the lighter-than-air machine. It was not considered that the airplane ever could be developed to the point where it could carry sufficient cargo and passengers to pay its way as a means of transportation. The development of the heavier-than-air machine, however, has been so rapid that the dirigible has been more or less side-tracked—in the popular mind, at any rate. Compared with the achievements of the airplane, the dirigible looked slow, cumbersome and expensive. But the Graf Zeppelin's round-the-world flight is a forceful reminder that there is a wide field of usefulness for the lighter-than-air machine.

We suppose it is not too much to say that within the next twelve months—with Great Britain building two giant dirigibles which will be a great deal larger and possess more carrying capacity than the Graf Zeppelin—the accomplishment of Germany's airship will seem much less wonderful than it does at the present time. For the time being, however, the world applauds Dr. Eckener and his gallant crew for the great contribution they have made to aeronautical science.

THE FIGURES TELL THE TALE

AT FERNIE LAST NIGHT HON. R. B. Bennett declared that the trade treaties into which Canada had entered with France, Italy and New Zealand had not worked to the advantage of this country.

We shall assume that the average individual prefers something more than mere generalities when the trade of the country is being discussed. On that account it is interesting to study the statistics relating to five countries with which this Dominion has made trading arrangements in the last few years.

For the year which ended with last June it is true our account with France showed an adverse balance; but it must be remembered that our importation of wines, spirits and toilet requisites alone from that country account for a very large sum. This, however, is only half the story. The value of our imports for the year to which we have referred—less than in the year ending with June of last year, while the value of our exports was practically double. The figures for 1928 are as follows: Imports, \$26,314,917; exports, \$9,905,547. The 1929 figures are as follows: Imports, \$26,204,337; exports, \$18,622,411. It also is to be noted, moreover, that for the month of June the value of our imports from France stood at \$2,178,711, and that of our exports \$2,719,210, or a balance in Canada's favor of more than half a million dollars.

It is difficult to understand Mr. Bennett's objection to the arrangement with Italy. The value of our exports to that country in the year ending with last June stood at \$24,004,922, with our purchases not exceeding \$4,476,200, or a balance in our favor of no less than \$19,528,722. Nor does last year's trading tell the whole story as far as our business relations with Italy are concerned. The records show that while the value of our purchases for the 1929 period was approximately \$200,000 more than in the 1928 period, our sales to Italy increased from \$16,471,084 last year to \$24,004,922 this year. What is there to complain about in this exchange?

Take the case of New Zealand. In the twelve months ending with June of this year our exports totaled \$18,429,228 and our imports \$13,114,388, or a balance in our favor of \$5,314,840. Here again we improved our position in the 1929 period, for in the year ending with June, 1928, we bought from New Zealand goods to the value of \$8,559,802 and sold that Dominion goods to the value of \$11,795,741. In other words, a favorable balance of \$3,235,939 was increased to one of \$5,314,840. Incidentally, for the month of June last our exports to New Zealand totaled \$1,560,040, compared with imports valued at \$425,534, or a balance in our favor of more than one million dollars. What cause is there for complaint here?

Our trade with Australia, of course, is very largely in our favor. On June 30 last, the year's trading showed exports valued at \$20,034,434 and imports valued at \$3,577,962, a balance in our favor of no less than \$16,456,472. Here again Canada did even better in the 1929 period than she did in the 1928 period. The 1928 figures are as follows: Exports, \$13,867,043; imports, \$5,621,683, the balance in our favor being \$8,245,360. Does the doubling of a favorable trade balance in twelve months look like bad business?

Figures relating to Canada's trade with the British West Indies, one of the latest British countries with which this Dominion negotiated a trade treaty, show that the value of our exports in the year ending with last June amounted to \$4,667,890, and our imports \$1,469,735, or a balance in this country's favor of \$3,198,155. But a reference to the 1928 period shows that our imports and exports almost balanced, the margin in our favor being only a little more than \$200,000.

Here are the totals of the import and export business with the five countries to which we have referred for the year ending June 30, 1929:

	Imports	Exports
Australia	\$ 3,577,962	\$20,034,434
British West Indies	1,469,735	4,667,890
New Zealand	13,114,388	18,429,228
France	26,204,337	18,622,411
Italy	4,476,200	24,004,922
	\$48,842,622	\$85,758,885

It will be seen that the balance of trade in Canada's favor with respect to these five countries is \$36,916,263.

The figures which we have quoted above are contained in the official trade returns published by the Dominion Bureau of Statistics. If Mr. Bennett showed the least disposition to tell the whole story about Canada's trade, he would not hesitate to use the information which is at his, as it is at anybody else's, disposal. But the official figures would spoil the impression which he hopes to leave with the public by his generalities.

LET IT ALL COME

WHEN HE SPOKE TO THE CANADIAN Club at Montreal yesterday, Rt. Hon. J. H. Thomas said he wanted more British capital to come to Canada, and also that it should not be a case of absent ownership.

Mr. Thomas no doubt realizes by this time that there are plenty of opportunities for British money to earn good returns in this country. Our neighbors on the south are fully aware of the fact, and they have shown their faith in the Dominion by the amount of their investments. The latest figures of United States investments in Canada, according to Dr. Max Winkler, director of the Atlantic and Pacific Corporation, show that at the end of 1928, United States investments in Canada were \$198,000,000 more than in 1927. This figure represented more than twenty-seven per cent. of all American investments abroad, being exceeded only by the investments in Europe as a whole. By comparison, British investments in Canada now make a poor showing. On January 1, 1918, they totaled \$1,860,000,000, whereas the republic had then invested in Canada only \$417,000,000. On January 1 last, however, the official return of investments in Canada gave this contrast:

United States investments	\$3,313,000,000
British investments	2,234,000,000

Mr. Thomas will, we may be sure, find, as others have discovered, that most profitable use may be found in Canada for new capital to carry out programmes of expansion in industrial, mining, hydro-electric and other enterprises. Of course, as none should know better than the British investor, capital is most accommodating in the matter of nationality. That from the United States, as well as from Great Britain and elsewhere, takes the nationality of the Dominion when it enters this country, but all Canadians would like to have a little more British money invested in the Dominion to help the evolution of its proper destiny.

WHAT OTHER PAPERS SAY

"TOO MANY 'IFS'"
The Fort William Times-Journal

Too many "ifs" surround the suggestion that, if scientific management were employed and if all the potential timber lands were planted and if the people were educated to refrain from burning the forests up and if insects could be trained to eat something else, Canada would have a self-perpetuating timber supply.

IMPORTS AND EMPLOYMENT

By R. J. Deschamps

Protection, being fundamentally untrue, can best be defended by false analogies, half truths or whole falsehoods.

Speaking in Vancouver, Mr. Bennett said: "You would not want Chinese laborers coming in here taking away your jobs—then why do you tolerate cheap foreign goods, American fruits, etc.?" Why not impose the Dumping Act?

The cases are not analogous. There would be no objection to Chinese coming into Canada if, for every Chinaman coming in, a Chinaman of equal age and earning capacity went out. That does not happen.

When goods are imported into Canada, payment is made in goods exported or in services rendered. For every hour of wages lost to labor by imports, there is a corresponding hour gained from goods exported.

If the goods we receive cost us little, it simply means that we pay less for them—that is, we give in exchange for the goods we receive a smaller quantity of the products we produce—we have more to spend in other things.

If imports caused a decrease in employment, then there would be less employment as imports increased—and more employment as imports fell off.

The exact opposite is true—true not only of Canada, but of the world—true not only now, but always.

Figures are not needed to prove the contention—the fact is clear in the mind of any man or woman who has intelligent understanding of our economic history.

If, however, there is a lingering doubt, these facts might be interesting:

1. Employment conditions are now better than they have ever been in Canada.
2. In 1929, the conditions were the worst they have been in years.
3. Imports into Canada in 1929 totaled \$747,800,000 (\$83.93 per capita); in 1928 imports totaled \$1,265,800,000 (\$129.29 per capita)—figures are for fiscal years in both cases.
4. If increased imports, either in totals or per capita, caused unemployment, then what would be the situation to-day?

The reader must be left to choose between the facts of history and the statements of Mr. Bennett.

A THOUGHT

Not for that we have dominion over your faith, but be helpers of your joy: for by faith we stand.—II Corinthians 1:4

Faith draws the poison from every grief, takes the sting from every loss, and quenches the fire of every pain; and only faith can do it.—J. G. Holland.

THE ULTIMATUM

By MR. SNOWDEN
(From The Manchester Guardian)

The abuse and calumny that are being poured upon Mr. Snowden by the French and Italian press are very significant and very interesting. Even the disfigured, semi-official "Temps" cannot refrain from violent language. It declares that "the ulcer has burst." Truly a courteous and friendly reference to the Chancellor of the Exchequer, and most flattering to the great Power and one-time ally that has chosen him to be its representative at The Hague Conference! The Italian press, handing out bouquets of even ranker perfumery and color, reveals the organized lynch law known as Fascism in its sweetest anti-British mood. Not that Mr. Snowden has made anything more than a plain statement. Everyone in this country agrees with what he has said, and even if one were to disagree, there could be no reasonable complaint with the way he said it. But his speech is the end of an illusion—the illusion that there is friendly understanding when in reality there is misunderstanding. That there is peace in Europe when in reality there is only an armed peace, that, whatever may happen, this country will always give way in the end, the sacrifices made in the war and every concession made by ourselves since the war have been taken for granted by the Continental Powers. Our debtors have assumedly assumed it to be perfectly natural that we should let them off the greater part of their debts. Some day Locarno may throw the armed forces of Great Britain against whomever shall violate the frontier between Germany and France, because the inviolability of that frontier is the first condition of peace in Europe. But that day will never fall so heavily on a future generation of Englishmen, as taken for granted to Germany the League is a permanent conference for revising the Peace Treaties. For France is a permanent conference for preventing the revision of the Peace Treaties. For the British Commonwealth the League is the League of Nations—it is the Commonwealth that bears the greater part of the expense and does most of the disinterested and constructive work in the League. This too is taken for granted. It is the Chancellor of the Exchequer who asks that the Commonwealth shall have no less than its due share of the war indemnity, the share which is ours as though some unparalleled outrage had been perpetrated upon a blameless world.

The Chancellor of the Exchequer has left no doubt that this country is determined to stand by the essentials of its demands. If the League is to be the League of Nations, it is the League of Nations that bears the greater part of the expense and does most of the disinterested and constructive work in the League. This too is taken for granted. It is the Chancellor of the Exchequer who asks that the Commonwealth shall have no less than its due share of the war indemnity, the share which is ours as though some unparalleled outrage had been perpetrated upon a blameless world.

It is obvious that a few French and Belgian soldiers left alone and temporarily on a small corner of German soil would serve no purpose whatever. They would not in the least promote French security, nor could they serve to put political pressure on the Germans. The occupation of the Rhine-land as an instrument of bargaining or of pressure is played out. It will never again force Germany to augment her payments, it will not secure an "Eastern Locarno," it will not prevent the Austro-German union. The British troops by withdrawing from the Rhine-land will withdraw from the European continent and will hardly return unless by virtue of Locarno, and even Locarno is only a temporary arrangement to be merged in a more general scheme for the organization of peace, or to be abandoned if there is to be no peace. For this country the civilized nations of the European continent are one whole, and from this point of view France and Germany are alike, and our primary political contact with them should be through Geneva. The hostility shown to the Chancellor of the Exchequer abroad is hostile not to his person but to the policy of the country he represents. His counterpart is the unanimous support he is getting at home. British policy has been plainly stated for the first time since Lord Curzon sent his famous memorandum to M. Poincaré on August 1, 1923. The effect of his plain speaking is almost sensational, and one thing emerges clearly: that in this matter, and perhaps in a good many others, we are alone in Europe. The situation is typical of the present more than that it is only Anglo-American leadership that we can look for if the world's peace is to be organized. That is the wider lesson of the summit stirred up on the European continent by Mr. Snowden's speech at The Hague.

INFLUENCE PROVED
The London Star said: "The victory is not expressed in terms of the number of the millions. Mr. Snowden has secured. What was at stake was Great Britain's influence in Europe, and that, as a result of Mr. Snowden's determined stand and influence are now made clear beyond all question."

NEGOTIATIONS ARE IN PROGRESS WHICH, WHEN COMPLETED, WILL DO MUCH FOR THE DEVELOPMENT OF COAL AND OIL MEASURES OF SOUTHEAST KOOTENAY.
Hon. A. G. Blair and Dr. Mills, railway commissioners, began their sitting in the Terminal City this morning. On Saturday afternoon they were driven around the city on a tour of inspection.

Weather forecast—Victoria and vicinity: Light to moderate winds, gradually clearing weather.

Arrivals from the West Coast on the steamer Queen City, which reached port yesterday morning, confirm news published in The Times a few days ago of the rich strike of zinc made on Quatsino Sound.

A party of expert mining men visited the property owned by W. Lorimer and other Victorians on Saanich Arm on Saturday, and was well pleased with the character of the rock seen.

To-morrow a party of ninety-four Knights Templar, members of the Tancred Commandry, of Pittsburgh, will visit the city, arriving on the steamer Whatcom at about 3.30 o'clock in the afternoon.

All the seating accommodation both in the J.B.A.A. club house and on the barge near the racing course was occupied on Saturday, the occasion being the eleventh annual regatta under the auspices of that association. The causeway overlooking the finishing line was thronged from one end to the other, and the progress of each contest was watched with intense interest.

SNOWDEN GIVEN CREDIT FOR HIS HAGUE SUCCESS

British Newspapers Unite In Praising Him for Changing Reparations Basis

London, Aug. 29 (Canadian Press Cable)—Leading British newspapers and particularly for the periodical of approval of the victory of Rt. Hon. Philip Snowden, Chancellor of the Exchequer, at the reparations conference at The Hague.

The London Times declared it was a very definite triumph for the Government and particularly for the Chancellor, clear-headed, Yorkshireman, Mr. Snowden, who bore by far the greatest share of the burden.

"Mr. Snowden had a strong hand and played it with consummate courage, persistence and skill," the paper added. "The settlement is admittedly a compromise, but Mr. Snowden, who was supported throughout by Right Hon. W. Graham, president of the Board of Trade, and Right Hon. Arthur Henderson, Foreign Secretary, could hardly be expected to obtain the last farthing of his demands."

The London Daily Express said: "Mr. Snowden has put British prestige in the eyes of Europe on a pedestal higher than it has occupied at any time since the Armistice. The nation and the whole of Europe are well pleased that the days of timid agreement and submission are ended."

"Mr. Snowden will receive the earnest congratulations of his countrymen," said The London Daily Mail, "and the statesmen of the principal Allied Powers may also be congratulated for their good sense in finally facing the realities of the situation."

The London Daily News, while congratulating Mr. Snowden, M. Briand, French Premier, and Dr. Stresemann, German Foreign Minister, said no responsible economist would pretend the Young plan, in its present form, was the last word. There must be further revisions and all-round concessions and sacrifices until the United States, in her mercy and wisdom, the paper said, should decide to cut the knot, once and for all.

The London Star said: "The victory is not expressed in terms of the number of the millions. Mr. Snowden has secured. What was at stake was Great Britain's influence in Europe, and that, as a result of Mr. Snowden's determined stand and influence are now made clear beyond all question."

TWENTY-FIVE YEARS AGO TO-DAY

C. H. CAHAN HELD IN U.S. ON ENTRY CHARGE

Los Angeles, Aug. 29.—Charles Hazlett Cahan, forty-two, who, according to State immigration authorities is the son of C. H. Cahan, Conservative member of the Canadian House of Commons for the St. Lawrence—St. George Division of Montreal, was arrested yesterday for alleged illegal entry. Cahan said he was born in New York but officers declared he entered New York from Canada in 1919. They said he made trips to Mexico recently which precluded his gaining immunity under the five-year limitation clause of the immigration act.

TRUSTEES LABOR TO SOLVE HIGH SCHOOL TANGLE

Saanich to Notify Parents of Children To Be Moved; Expect to Settle Issue

The Saanich School Board last night held a meeting at the Royal Oak Municipal Hall and instructed the secretary to send individual notices to the parents of all children subject to transfer from Tolmie, Craigflower, Cloverdale and Tillikum schools.

Several hundred children are affected as a result of the decision of the School Board to locate the new high school in Tolmie School, and the trustees last night devoted close study to approval of new attendance division maps prepared by Municipal Inspector Patterson.

NEW PLAN FORMING
Although members of the board have been seeking a permanent solution of the high school location problem, which was complicated recently by refusal of the council to vote funds before October, Chairman Hobbs last night guided the discussions away from this subject. It is expected that an unofficial committee which has been studying the problem will shortly ask approval for recommendations which, while arousing strong antagonism in many quarters, will cope with the needs of Saanich for some years.

In the meantime all members of the board refuse to make any statement beyond admissions that a workable arrangement will shortly be presented, this being of a character not requiring by-laws or submission to either council or ratepayers, it is said.

ALBERTA TOWN HAS FIRE LOSS

Edmonton, Alta., Aug. 29.—Believed to have started from spontaneous combustion in the sawdust house at the rear of the Parcel Meat Market, fire wiped out three Edmonton business houses shortly after 1 a.m. to-day with a loss of \$37,000.

The H. A. Kelly hardware store was destroyed with a loss of \$25,000, the Parcel Meat Market, owned by D. W. Parcells of Chauvin, Alberta, was wiped out at an estimated loss of \$7,000, while the cafe owned by Son Query also was destroyed with a loss of approximately \$5,000. Insurance was carried by Kelly and Parcells.

LATE MRS. MOTTIE BURIED YESTERDAY

Special to The Victoria Times
Nanaimo, Aug. 29.—The funeral of the late Mrs. Jules Mottie, who was killed in a motor accident in Vancouver last Friday, took place yesterday afternoon at the chapel of D. J. Sweetbreads a la king are a change from chicken for a party and are as generally liked.

SWEETBREADS A LA KING
One pair calves' sweetbreads, 12 mushrooms, 1 sweet pepper, 4 tablespoons butter, 2 tablespoons flour, 1½ cups milk, ½ teaspoon salt, ¼ teaspoon pepper, 2 triangles of toast or 6 patty shells, parsley.
Cut prepared breads into neat cubes. Cut mushrooms in strips. Remove seeds from pepper and let stand in boiling water for five minutes. Rub off thin outer covering and cut in shreds. Cook mushrooms and pepper in 2 tablespoons butter over a low fire for five minutes. Add sweetbreads and mix thoroughly. Keep hot. Melt remaining butter in saucepan, stir in flour and when bubbling slowly add milk, stirring constantly. Season with salt and pepper and cook until thick and smooth. Add sweetbread mixture and heat over hot water. When ready to serve stir in 1 egg yolk well beaten if a richly colored sauce is wanted. Serve on hot toast or patty shells.

Why Dorothy Dix Earns More Than President Hoover

Interviewed about the work which she will do for our readers, through her daily column which begins

Next Tuesday In The Times

Dorothy Dix said:

"OFTEN a tired and discouraged woman will write to me that something I have written has given her fresh courage to go on with the dull monotony of the daily grind in a poor household. Doctors often write to me that they prescribe my articles to their neurotic feminine patients, instead of pills and potions.

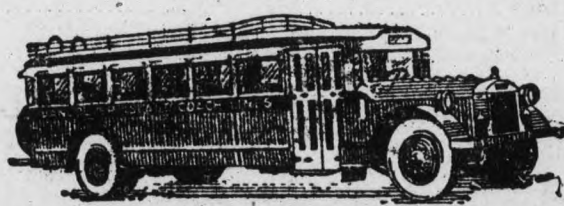

"A girl will write to me that something I have written has kept her from setting her feet on the downward path. Often married men and women write to me that I have kept them from committing the sin and folly of thinking they can find happiness in the double life. And often bridal couples write and ask for my blessing, and say that they are going to play the matrimonial game according to Dorothy Dix.

"These letters are my real pay for my work, and make me feel that I wouldn't exchange jobs with the President of the United States."

As a matter of fact, Dorothy Dix is paid for this good work more than the presidential salary of Mr. Hoover. She is the most highly paid newspaper woman in the world.

HER COLUMN WILL APPEAR IN THE VICTORIA DAILY TIMES, BEGINNING NEXT TUESDAY

Sweetbread Is Most Delicate of Meat Dishes

BY SISTER MARY

One of the most delicate of meat dishes is the sweetbread. It's an ideal summer meat, since it's easy to digest and not hearty. It combines so well with other foods that a small amount can be made to serve several portions.

While calves' breads are the more delicate and tender, beef breads can be used and are much cheaper in price. Beef breads have much the same flavor, but must be cooked longer than calves' breads.

As soon as sweetbreads are brought from the market they should be put

into cold salt water to completely cover them. Let stand one hour. If the breads are bloody they should stand in water until clear, changing the water several times. Then plunge into boiling water, adding 2 tablespoons lemon juice or vinegar and 1 teaspoon salt to each quart of water.

Simmer calves' breads for 20 minutes and beef breads for 35 minutes. Drain from boiling water and put into cold water. This keeps them white. When cold, remove all membrane that is loose and any bits of fat attached to the bread. The sweetbreads are now ready to use in any preferred fashion.

The heart sweetbread is the round compact part and the throat bread the long loose part. They are called "pair" and are usually sold together. One pair is calculated to serve four persons without other material being added.

PRETTY WEDDING AT CENTENNIAL

Dorothy Isabella Thomas and
George Cyril Hancock
Are Wed

Centennial Church was the scene of an unusually pretty wedding last evening at 8 o'clock when Rev. (Capt.) George Pringle united in marriage Dorothy Isabella, younger daughter of Mr. and Mrs. Charles Thomas, Burnside Road, and George Cyril Hancock, son of the late J. P. Hancock and Mrs. Hancock, Burnside Road. The church was prettily decorated for the occasion by Mrs. Hartley and Mrs. Coles, the flowers being chrysanthemums, gladioli and asters.

As the bride entered the church with her father to the strains of Lohengrin's "Wedding March" she made a winning picture in her gown of bridal satin, the skirt of which was composed of tiers of lace-edged net, and with an uneven hemline drooping at the back. The short-sleeved bodice was trimmed at the waistline by a corsage bouquet of violet flowers. Her train was supported by a pair of bridesmaids, the bride's carriage was a light-colored sedan, and the bride's bouquet was of pink roses, pink carnations and white lilies. The bride's veil was of lace and she wore a becoming frock of shell pink tulle with shirred skirt and shoulder bouquet of rose velvet flowers. Miss Lillian Roach was attendant bridesmaid and wore a pretty frock of pale pink georgette, with rows of lace and satin ribbon on the skirt and a bow of silver and satin ribbon on the shoulder. Both wore hair bandeaux of French flowers and carried arm bouquets of mauve and cream sweet peas and fern.

Little Ena Hancock made a dainty flower girl in a peach-colored fitted tulle, carrying a basket of flowers. Master Kenneth Thomas, in a white sailor suit, was the ring-bearer. The groom was assisted in receiving by Mrs. Arthur Hancock, his twin brother. During the signing of the register Mrs. Holmes sang in a pleasing manner "Because." They were assisted in receiving by Mrs. Thomas, mother of the bride, who was in black satin, with lace and diamond trimmings and a black hat.

Tables were laid for a large number of guests, the bridal table being centred by a three-tier wedding cake. The flower decorations were sweet peas and gypsophylia. Mr. and Mrs. Hancock left on the Edmonds ferry at midnight for Seattle, the bride traveling in a flowered silk robe, with hat to match, and smart trousseau of sun-tan shade. Among the many gifts was a walnut bedroom suite from the Hartley Cab Works, where the bride was employed, and an electric coffee percolator from fellow-workers of the groom in the Albion Stove Works. On their return Mr. and Mrs. Hancock will reside on George Road.

Answers Critics On Disappearance Of Ottawa Girl

Quebec, Aug. 29.—That nothing had been left behind and that the provincial police even now were continuing their investigation into the mysterious disappearance of Miss Irene Malone, Ottawa, which occurred July 28 at Houdon's Lake, twenty-three miles north of Buckingham, was Premier Taschereau's answer to-day to criticism levelled at the Attorney-General's department by A. Guertin, M.P. for Hull.

MISS G. THORPE BRIDE AT PRETTY EVENING SERVICE

Big Congregation at Baptist
Church for Nuptials of
Victoria Girl

A wedding of unusual charm in its colorful details was celebrated last evening at 8 o'clock in the First Baptist Church, Quadra Street, when Miss Gladys M. Thorpe of Longview, Washington, daughter of Mr. and Mrs. H. P. Thorpe of Fernwood Road, Victoria, became the bride of Mr. George A. Walker of Newton, Kansas.

The church, which had been decorated by friends of the bride, made a lovely setting for the service. Trailing vines and stately palms with tall baskets of pink and white gladioli and mauve asters formed the background for the choir, while white gladioli and sword fern banked the organ loft. The guest pews were designated by asters, maidenhair fern and bows of tulle, and the pillars were wreathed with clematis.

Rev. H. G. Esterbrook of Vancouver, a former pastor and friend of the bride's family, officiated at the wedding, assisted by the pastor of the First Baptist Church, Rev. James Strachan. The service was fully choral, the choir singing the processional hymn, "The Voice That Breathed O'er Eden," as the bridal party entered the church.

Given in marriage by her father, the bride was very beautiful in her wedding dress of silver embroidered Irish lace, over ivory satin, fashioned with light-fitting bodice and long tight sleeves; the flat girdle was adorned with sprays of orange blossoms, and the skirt, long at the sides and reaching almost to the floor, followed the fashionable uneven hem line in a very graceful effect. Her veil was of embroidered net with silver flowers applied across the front, and was worn cap fashion with a coronet of orange blossoms. This pretty arrangement of the veil was designed by Miss Ethel Mercer, who was also responsible for the quaint head-dress of the bride, and the maid of honor.

The bride's bouquet was of palest pink Ophelia roses with mauve and pink sweet peas and lilies of the valley. The bride was attended by her sister, Miss Gertrude Thorpe, as maid of honor, whose frock was of pale green georgette with bertha of silver lace, and a flounce of silver lace on the skirt, and the two bridesmaids, Miss Grace Sturgeon and Miss Gladys Clyde, wore similar costumes of lavender georgette, trimmed all with silver lace, and Juliet caps of silver lace. A smart little flat bow of pale green or mauve velvet ribbon, from which long ends fell to the hem line of the skirt, their bouquets were of mauve and pink snapdragons, roses and asters. Two tiny flower girls, little Sheila Barcham and Louise Walton, wore winsome pictures in the palest of pink georgette, with wreaths of pink blossoms in their hair, and from their small baskets they strewed pink rose petals in the pathway of the bride and groom.

Mr. Clifford Hadley of Longview, Washington, supported the groom, and the ushers, all friends of the bride's family, were: E. Williamson of Vancouver, Ashley Boyden, Victoria; Claude Conhont, Kenneth Waltes, Victoria; and Howard Thorpe of Seattle, brother of the bride. During the signing of the register, the choir sang "O Perfect Love."

A very large congregation witnessed the ceremony, and immediately following it a reception was held at the home of the bride's parents on Fernwood Road. The rooms were decorated with masses of flowers of delicate shades of lavender, pink and green. The bride and groom received the good wishes of their many friends in the drawing-room, while in the adjoining dining-room the guests were joined in a most palatable repast of four-course table with white satin ribbons and lavender candles and bearing the four-tier wedding cake, was the centre of the festivity.

Eyesight of School Children

It is most important that your child has comfortable and efficient eyesight with which to pursue his studies. Deficient sight means deficient progress, and eyestrain (which most frequently accompanies good vision) causes lack of interest through inattention and consequent fatigue. Children should have their eyes carefully examined at intervals and proper corrections made when necessary. Give us the care of your child's eyesight.

Herb Doctor J. F. Fitzpatrick

169 Robson Street Phone Seymour 762

MR. J. F. FITZPATRICK, Herbalist:

Dear Sir:—About eighteen months ago my wife was taken sick with the flu. When she was able to get around the doctors said she had an internal Goutre. She tried different treatments for it, but received no benefit from them.

I then looked for other resources to get her cured. One day I was speaking to a friend and she advised me to send my wife down to see Mr. Fitzpatrick, the Herbalist. I did, and after the first treatment she showed signs of improvement.

I want to say this to anyone who has Goutre—just go and see Mr. Fitzpatrick, and you will receive a cure, the same as my wife has, and she's was a very serious Goutre.

Should anyone have doubts of this treatment, I wish they will phone me, and I will introduce them to people that know what my wife was eighteen months ago.

Thanking you, I am, yours respectfully,

MR. C. A. MASON, 465 Eighth Ave. E.

rubbed briskly. Then he is kissed and goes back to playing again. But almost always he seems to consider it a joke on himself and just laughs.

"Also we always assure him that he isn't hurt (as you suggested in your answer to Mrs. R.M.) and it works. I guess he thinks his bumps are part of the game."

"The other night he fell down the steps onto the concrete walk and I tried not to show him how frightened I was, because a baby senses when the mother is frightened and knows that he should be, too. That night he cried only a minute and then forgot all about it because of the interesting game his Daddy started."

ANSWER

Perhaps mothers would be interested since we are on the subject of bumps in knowing what will best relieve them and prevent ugly black and blue marks. A bruise or bump with uncut skin is best treated with hot and cold water used alternately. The shock of the two temperatures on the skin helps to relieve the congestion of blood that causes the black and blue spot.

Having once used this treatment on a neighbor who ran her fingers through an electric wash machine wringer, and found that in spite of this terrible pressure that she didn't lose a single finger nail, I am loyal to it forever.

Mrs. Eldred will be glad to forward her leaflet "First Aid Treatments The Mother Should Know" to any reader who desires information on the subject. A self-addressed, stamped envelope enclosed with request, mailed to Myrtle Meyer Eldred, in care of the "Your Baby and Mine" department of this newspaper will bring a prompt reply.

GOOD RESULTS FROM IGNORING HURTS

Mrs. W.M. writes—"I get a lot of helpful advice from your department and wanted to write to you concerning my experience and good results from ignoring the baby's bumps."

"Our boy is thirteen months of age and ever since he was big enough to take tumbles we always laughed when he fell. He walks every place and naturally gets hard falls, and he has started climbing now, which everyone knows is a nerve shattering time for mothers. But they will do it, and you can't follow a baby every place and do your own work."

"Most bumps he laughs about himself or just ignores them. If they are unusually severe he expects some attention and comes to have the bumps

GIRLS ENJOY HOLIDAY AT SOOKE CAMP

"Stunt Night" on Saturday; Last Party Goes to "Sunshine" on Tuesday

Great interest is being taken at the Social Service Sunshine Camp this week by the thirty-six girls who are enjoying a two weeks' holiday. These girls range in age from seven to seventeen years.

Saturday night will be special "stunt night," and each cottage is being asked to contribute a number of the programme. Some of the girls stated that they are preparing a three-act play, and Sunday will be spent day. A few days ago the camp was privileged in having His Honor the Lieutenant-Governor and Miss McKenzie as visitors. They expressed their great delight in the work that was being carried on by the Social Service League. One little girl was celebrating her birthday, and this was duly recognized by His Honor, who immediately went into the kitchen and produced a birthday gift. At supper time a large cake was produced and set before this child, who cut out the first piece and shared the cake with all the girls at camp.

Next Tuesday, the sixth and last party of the year will go to camp. Should there be any friends who have not yet contributed to this worthwhile work, their contributions will be welcomed at the office of the league.

The following further contributions are gratefully acknowledged: Friends, \$10; Mrs. S. J. Friend, \$5; Russell, \$5; Mr. A. J. Woodward, \$10; Mr. W. A. Luney, \$50; Mr. C. Elwood Watkins, \$50; B.C. Telephone, \$100.

OLD-TIMER OF CITY IS DEAD

Late Stephen Carter, Resident of B.C. for 38 Years, Passed Last Night

A well-known old-time resident of Victoria passed away at the Hospital last evening in the person of Stephen Carter, for many years an employee of the Victoria Machinery Depot.

Carter came to Canada in 1870, and had been a resident of British Columbia for thirty-eight years. In 1908 he moved to Ganges Harbor, Salt Spring Island, where he lived for seventeen years until four years ago, when he returned to this city. His wife predeceased him twelve years ago. One daughter, Mrs. Herbert F. Shade, survives him.

The funeral will be held at Ganges Harbor to-morrow. Interment will be made in the Central Settlement Cemetery.

MISS G. THORPE BRIDE AT EVENING SERVICE

(Continued from page 6)

During the reception a musical programme was rendered by Miss Hetty Blankenbach and Miss May Mison, accompanied by Miss Dora Morton and by Mr. Oliver Stout, who also officiated as organist at the church.

Among the out-of-town guests were Mr. and Mrs. Hadley of Longview, Mr. and Mrs. C. Nutt, also of Longview, where Mr. Nutt is secretary of the Y.M.C.A.; Miss Bernice Springer of Kansas City, who has been spending the summer at Longview; Mr. and Mrs. B. O. Pinder and Miss Grace Pinder, Vancouver; Mr. and Mrs. Esterbrook and Miss Margaret Esterbrook, Vancouver; Mr. and Mrs. E. H. Gallier, Longview; Mrs. Rose Courson-Reed of Portland, Ore.; Mr. and Mrs. H. E. Smith and Mr. and Mrs. Jack Lloyd-Young from Seattle.

Mrs. Thorpe, who assisted her daughter in receiving, was handsomely gowned in rose beige Irish lace over satin of the same color, with a white hat and a small hat with lace brim and crushed velvet flowers in three harmonizing shades.

The bride and groom left via the Edson ferry on a month's honeymoon, going direct to Kansas City, and during which they will visit the groom's parents in Newton, Kansas, and other relatives in Wichita, Kansas, stopping also at Salt Lake City, Denver, Colorado Canyon, Yellowstone Park and southern California. Near Los Angeles they will spend some time in the hills and in Lindsay, Cal., and San Francisco, visiting Mr. and Mrs. Norman Goddard, formerly of Victoria, and now on the aviation instruction staff of Berkeley University.

After returning to Longview and Victoria, Mr. and Mrs. Walker will motor to California to make their future home in Pasadena.

The bride's going away costume was a brown and bronze ensemble suit of French nylon. With this she wore a silk moire coat with squirrel cuffs and collar, and helmet-shaped brown felt hat trimmed with felt flowers. A wrap coat of duvetyne, with seal collar and cuffs completed a very attractive costume.

The bride is well-known in Victoria, where her parents have lived for twenty-two years, and where she taught in the city schools for three years. After finishing her education here she attended the University of Washington and the Cornish School, Seattle, and four years ago was appointed director of the women's department of the Y.M.C.A., engaging in girl reserve work which corresponds to the Canadian Girls in Training, and is affiliated with Y.W.C.A. It was she who organized this work in Longview. Miss Thorpe has taught dancing at the Summer School in Victoria during the past two years. Mr. Walker has also been very deeply interested in scouting, having organized the Boy Scouts in Longview, where there are now four or five troops, owing to his active volunteer work. Mr. and Mrs. Walker were also the first life-saving Red Cross instructors in Longview.

AMERY MAKES CLIMB OF PEAK OF HIS NAME

Former Secretary of State Shows Remarkable Endurance in Ascent

Lake Louise, Alta., Aug. 29.—Under the most adverse weather conditions, Lieut.-Col. L. C. M. Amery, former Secretary of State for Dominion Affairs in the Baldwin Government, has made the first ascent of the mountain, 10,980 feet in altitude, named after him and located at the junction of the Alexandra and Saskatchewan Rivers. It was learned at the Chateau Lake Louise here to-day from A. O. Wheeler of Sidney, B.C., honorary president of the Alpine Club of Canada, who accompanied Col. Amery on his way northward, and who has returned from the Columbia ice fields, where he left him five days ago.

Col. Amery displayed fortitude and endurance in addition to mountaineering skill in making the first ascent of Mount Amery, said Mr. Wheeler, who was with the party, but did not make the climb. Led by Edward Feuz, well known Swiss guide, and accompanied by a friend, he started off at 6 o'clock in the morning on the light of a candle lantern from the head of a precipitous gully that gave access to the flank to the mountain from below, and that opened into a great amphitheatre dominated by hanging glaciers of striking appearance, the western face was scrutinized through binoculars.

DIFFICULT ROUTE

A course was tentatively decided upon by the Swiss guide by way of a series of rugged chimney-like gullies that broke the sheer surfaces of a number of rock banks that girdled the upper slopes. This difficult route proved the only one by which the summit could be reached and a "stone man" or cairn was constructed on top and a bottle containing the names of the mountaineers placed under it. Darkness overtook them before they could make their way down the long gully leading to their camp, 6,000 feet below the crest, and the night was spent upon the topmost fringe of timber.

A blizzard that developed quickly at that high altitude overtook the climbers half way up the peak, and was raging furiously upon the summit range, but despite the extra hazard of the wind that almost blew them off their feet, and the snow and ice that filled and hid ledges and footholds they persevered and reached their goal.

Col. Amery was on the move steadily for eighteen hours, slept out beside a bonfire and was twenty-five hours away from his camp with little food to sustain him. As he came out directly from his offices in England and had no training other than some walking on the trail in from Lake Louise and is almost fifty-six years of age, Col. Amery achieved no small feat of endurance. He is well known climbing circles, has a peak named after him in South Africa, because he made the first ascent of it, and has climbed in many parts of the world. He is an old member of the Alpine Club in Great Britain and the Alpine Club of Canada.

PLANS MORE CLIMBS

With nineteen head of horses and a party of seven, including guide, packer and cook, he left Lake Louise a fortnight ago immediately upon his arrival from the east. His route lay up the Bow River by Bow Lake and over the Bow Pass to the Mietzka River, down which he went to the North Fork of the Saskatchewan, at the point where the Alexandra River joins the Saskatchewan. He encamped for two days, making the ascent of Mount Amery upon August 20, when the first bad weather of the trip overtook him when the climb was half completed. He plans to spend some time amid the spectacular scenery of the Columbia ice fields and intends to climb some of the great peaks in that neighborhood before returning to civilization. He will attend the sessions of the Canadian Chamber of Commerce at Edmonton and Calgary during the second week of September, and will speak under the auspices of the National Council of Education at various cities on his way eastward.

Lake Hill Picnic—The annual picnic of Lake Hill Community Centre will be held on Saturday afternoon at Elk Lake Recreation Grounds on the far side of Elk Lake. A cordial invitation is extended to all members and their friends to attend. Cars will leave the Community Centre at 1:30 for the picnic grounds. Tea and sugar will be provided and ladies are asked to supply cake.

To the Rescue of Time and Money

Yes, the long-distance telephone frequently saves time and money—and it gets business results. Instead of a railroad journey across the continent, a business man recently put in calls from Vancouver to parties in New York, Boston and Toronto. In a short space of time his calls were completed. He accomplished just as much in a business way, he said, as though he had made the trip across the continent.

ADVERTISE IN THE VICTORIA DAILY TIMES

Capitals Retain Island League Baseball Championship

THE SPORTS MIRROR

After one of the most successful seasons in history the curtain dropped on the activities of the Victoria Senior Amateur Baseball League last night, when the Jokers defeated the Somers, 16-1, and captured the league championship. The five teams in the league have been dishing up a pretty good brand of ball this season and have been well patronized. The league play-off, which was inaugurated this season, proved most successful.

After getting away to somewhat of a poor start, the Jokers came on with a rush which finally ended up in their winning the bunting. Just a bunch of youngsters, they deserve all the credit in the world for their successes.

The Jokers will meet Fraser Mills in the British Columbia play-offs. Although they will try hard they stand little chance against the New Westminster crew. The Mainland teams play a brand of ball for which Victoria has been clearly demonstrated in previous seasons. As a matter of fact the Vancouver and New Westminster clubs have given several semi-pro teams a good run and several times have beaten them this season.

The resignation of Donnie Bush as manager of the Pittsburgh Pirates in the National League is not surprising. The club has not been going so good this season and, according to reports, Bush was being blamed for the poor showing by owner Barney Dreyfus. It will be noticed that when Bush resigned the owner just accepted it and said nothing.

The fracture of Charley Grimm's thumb, that threatens to keep the Cubs' captain out of the game for the rest of the season, including the World's Series, was literally a lucky break for Red Tolsen. Tolsen, after hanging around with the Cubs for a couple of years, was shifted to Los Angeles just as the Chicago team was about to step into the big money. But now, with Grimm out, Tolsen has been recalled to play for the Cubs, who will share in a cut of the World's Series money, providing, of course, the Cubs don't fall down and lose the National League pennant.

French women are casting envious eyes at the Wimbledon cup. Competition for the Wimbledon trophy in tennis is confined to Great Britain and the United States. French women stars have discussed the subject and speculated on the possibility of competition ultimately to determine feminine world tennis supremacy on a par with the Davis Cup matches.

To watchers at Wimbledon, in recent years, it has been evident that at least a half dozen countries could put strong teams into the field. France has yielded its former supremacy among women players to Helen Wills, but has a fine number of players, including Mme. Mathieu, who played the U.S. champion in the French finals. In international competition, Great Britain, France, Germany, Australia and South Africa might enter teams.

A favorite athlete, Grover Cleveland Alexander, was sent home by the Cardinal management the other day because he reported in bad condition. These youngsters must be taught.

Alex. didn't look so well after returning from a fishing trip. Evidently Bill McKechnie doesn't want his men to be saying it with a reel.

Babe Ruth, the cripple, has regained his place at the top of the home run guild. This suggests that another cripple next year will be Co. Ruppert's pocketbook.

Victoria Campolo, the new heavyweight sensation, is six feet six inches tall and weighs 220. The cauliflower industry is catching on to that idea of mass production.

JONES SETS NEW RECORD

U.S. Amateur Champion Gets Around Difficult Pebble Course in Seventy

Delmonte, Cal., Aug. 29.—Bobby Jones broke par by two strokes yesterday and set a new course record of 70 on the difficult Pebble Beach links here, where the U.S. amateur golf championship will be played September 2 to 7.

Jones was out in 35 and back in 35. He birdied the fifth, sixth, fourteenth, fifteenth and sixteenth holes. Jones slipped over par on the first, eleventh and thirteenth holes. He played so easily that few in the gallery realized how far his score overshadowed those of the British amateur champion, Cyril Tolley; Phillips Finlay, of Redlands, California; and F. Brown, of Honolulu.

These three were in Jones's four-some, but none of them came within nine strokes of the champion's score. Tolley carded a 79, Finlay an 80 and Brown a 72.

Jones's 70 yesterday is three strokes under the official score for the revised Pebble Beach course of 73 set by John McHugh, Sr. of San Francisco. It is one stroke under the unofficial card of 71 turned in by John Dawson, of Chicago, on Tuesday. Dawson yesterday was reported to have withdrawn from the tourney when officials questioned his amateur standing because of his employment as a salesman for a golf ball concern.

Jones and Tolley defeated Brown and Finlay in yesterday's practice round, 4 and 2.

Barrage Of Hits Skid Chemainus To 16-1 Defeat

Local Champions Slaughter Three Pitchers For Total of Sixteen Hits; Morgan Hits Home Run, While Cummins Is Batting Hero of Evening; Forbes Allows Visitors Four Scattered Hits; Capitals Play Errorless Ball; Will Meet Mainland Champs For Provincial Honors.

Clouting the ball to every corner of the lot, and over the fence besides, like a gang of Ruths and Gehrigs, the Victoria Capitals, holders of the British Columbia senior B baseball championship won their second successive Vancouver Island Baseball League title at the Royal Athletic Park last night by snowing under Chemainus 16-1 in six innings of slow baseball. The Capitals, by their victory, gain possession of the Jack O'Brien cup, representative of the championship of the southern section of the league and also another trophy for winning the Island title.

The Capitals played errorless ball behind the steady twirling of Norman Forbes, their first-string chucker. Not a single bobbler was checked up against the champions, while Forbes only allowed the visitors four scattered hits. He struck out eight and towards the end of the game, with the Caps enjoying an overwhelming lead, just coasted home, allowing his teammates to retire the side. If the Caps play ball like they did last night it would not be surprising if they romped home to their second British Columbia title. They will now oppose the senior B champions of the mainland in the final playoffs for provincial honors. It will most likely be the Squamish Indians or Trapp Motors, of New Westminster. Earlier in the season the Capitals played the former in two exhibition games, winning one and tying the other.

REAL HITTING SPREE

There was no holding the Capitals last night. Chemainus used up three pitchers in an effort to stop the tremendous hitting of the local players. Although the Caps collected a total of sixteen hits, one for every run. They started their hitting barrage in the first inning and never stopped until they had safely tucked away. "Lefty" McInnes, who has held the "Indian sign" on the Capitals during this season started on the mound, but went out the gate on a double play in the second inning, being replaced by "Fat" Johns. The latter fared no better and after pitching to four batters yanked himself in favor of Lowe, who managed to struggle through the rest of the game.

Of the sixteen runs scored by the champion Capitals, all but two of them were earned. The champions scored four runs in the first inning, everything that came their way, with Herb Cummins, their second baseman, showing the way with four hits out of five times at bat, including three for extra bases.

When the Caps scored eight runs in the second inning they came after Robinson at third base for the visitors missed a throw from the catcher to clout to centre-field fence, the ball just hitting the top of the wire and bouncing back into the field. Cummins crossed the plate on Forbes's single over second base. In their half of the inning Chemainus got runners as far as third and second, but Forbes tightened up to strike out Lowe and retire the side.

JUMP INTO LEAD

In the first inning the Capitals got off to a two-run lead. With two men away Webster got a base on balls, and scored on Cummins's two-base clout to centre-field fence, the ball just hitting the top of the wire and bouncing back into the field. Cummins crossed the plate on Forbes's single over second base. In their half of the inning Chemainus got runners as far as third and second, but Forbes tightened up to strike out Lowe and retire the side.

The Capitals had home no less than eight runs. Morgan started the procession by working McInnes for a walk. The next batter to come out, Bowden came through with a single, Morgan reaching third. Dunn took three hefty whiffs at the air and sat down. Morgan scored when Robinson missed. Wylie's throw to third in an attempt to catch the runner. Bowden advancing to third. Cummins clouted out his second two-bagger of the evening to send Bowden home. Webster continued the hitting

West's Will Meet Team From New Westminster In Softball Play-offs

In the opening game of the play-offs to decide the softball champions of British Columbia, Victoria West, of the Westholme League, holders of the Victoria title, will meet New Westminster at Victoria West Park on Saturday afternoon, commencing at 3 o'clock. The second, and, if necessary, a third game, will be played at Vancouver on Labor Day, according to an announcement made this morning by Bill Spencer, president of the Westholme League. Previous to the play-off game Saturday, an exhibition game will be played between an all-star Victoria women's team and Sidney, commencing at 4 o'clock. Jack Pasco of Victoria and a Vancouver umpire will handle the championship tussle.

Bowlers to Open Season Next Month

Arcade Alleys Usher In Season on September 16; Premises Renovated

Accommodations Being Provided for Women; Banner Season Expected

Here's good news for the boys that spill the pins for a pastime during the winter months. The Arcade Bowling Alleys will open the season on Monday, September 16, according to an announcement made this morning by Charlie Chislett, who will operate the alleys in partnership with Jim Huxtable.

Considerable work is being carried out on the premises located in the basement of the Pemberton Building. One of the alleys is being completely resurfaced with hardwood, while the others are being put in first-class shape. The blackboards at the rear of the alleys are being torn out in order to extend the roof back to the sidewalk and provide better light and ventilation. The small room near the entrance to the alleys is being completely renovated into a rest room for women bowlers, while all the walls and roof are being kalsomined. This work commenced yesterday and will be completed by the opening day.

Bowling in Victoria went over with a bang last season, the five-pin game being exceptionally popular. The game is expected to experience even greater success this season. All of last year's teams in both the five-pin and ten-pin leagues have signified their intentions of competing again this year while a number of new teams will also be in the field.

Featherweight Champ Loses Another Bout

Cleveland, Aug. 29.—Johnny Datto, Cleveland, Filipino, last night won a referee's decision in ten rounds from Andre Routis of France, world's featherweight champion.

Routis's title was not involved as he was fighting for the vacant world's featherweight class limit. Datto gained an early lead with his left jabbing and his superiority in several slugging rallies. Routis fought strongly, but could not overcome Datto's early lead.

German Heavy Wins Over Seattle Boxer

Fairview, N.J., Aug. 29.—Dr. Ludwig Haymann, holder of the heavyweight championship of Germany, knocked out Ray Thompson of Seattle in the third round of their ten-round fight here last night. The German dropped his opponent for the count with a flurry of blows early in the third round, after having him in distress toward the end of the second. Haymann weighed 201 pounds and Thompson 191½.

SEA FLEAS SHOW FINS AT CORDOVA

High-powered Speed Craft Thrill Huge Crowd at Regatta, Doing Well Over Forty Miles An Hour; Dick Wilson Performs Clever Riding Stunts, But Capsizes Craft In Dazzling Dash; Jack Smith Big Winner.

Victorians yesterday were formally introduced to the fastest things on water in these parts. Sea-fleas which skipped the surf at speeds in the neighborhood of forty-five miles an hour, sliding, slipping and hopping over the waves, made their debut at the Cordova Bay Regatta and went over with a bang.

Dazzling speed, rushing spray and plenty of thrills featured the five races staged by a number of enthusiasts of this city and Port Angeles. The boys from across the Straits brought over some peppy craft and in no small measure added to the fun.

PLENTY OF THRILLS

Although Jack Smith and his partner Norman Fidler walked away with most of the events, Dick Wilson gets a big hand for his skillful riding and the thrills he handed the spectators. Wilson captured the free-for-all three-mile event through sheer nerve and beautifully timed driving. In the six-mile sea-flea event he had the unfortunate luck to turn his craft over when making a desperate spurt to catch the leading boat. Once he had spilt, he spilled, approaching a turn but with a quick snap of the tiller righted the craft and proceeded, only to turn over when reaching the straightaway.

The races were held over an oval mile and a half course stretching about a third of the length of the beach and providing an excellent speedway despite slight chop on the surface which prevented the high-powered sea-fleas attaining their maximum speed.

Although the time was not so fast as that recorded in the special sea-flea event, the three-mile free for all provided the best racing of the day. Dick Wilson with his Miss De Soto I went into an early lead on the first lap and taking the turns in beautiful style, forged into a 100-yard margin over George Kense's Spook from Port Angeles.

TAKES LEAD

On the second lap it was a different story. Kense's Spook, with its thirty-eight horsepower quad motor at tremendous speed to take the lead approaching the last turn. But at the flag, the United States entry made a sweeping turn and Wilson, suddenly whipping his craft about, shot through on the inside and then finished the stretch to win by only a few lengths.

The time for the race was four minutes and thirty seconds, or an average of forty miles an hour. Jack Smith shot his Better Motor Car Repairs up to over fifty-five miles an hour in the six-mile event for sea-fleas, and after opening nearly 400 yards on the other competitors, coasted in to easy victory.

BILLY KENNEDY OFF TO-NIGHT FOR SINGAPORE

Billy Kennedy, who for the last twenty years has taken an active interest in rowing in Victoria as a member of the James Bay Athletic Association, will leave to-night aboard the R.M.S. Empress of France for Singapore, where he will take up his residence.

Kennedy was for years senior sculling champion of the North Pacific Association of Amateur Oarsmen. About three years ago he stroked the Bays' senior four to victory in the annual regatta in record time.

Last night Kennedy was tendered a farewell dinner by members of the J.B.A.A. and was presented with a silver cigarette case and holder.

CRACK MILL TEAM PLAYS JOKERS HERE

Local Champions Opposed to Mainland Titleholders in B.C. Playoffs

Stickney to Take Mound for Jokers; Game Commences at 5.15 This Afternoon

In the opening game of the British Columbia play-offs the Jokers, champions of the Victoria Senior Amateur Baseball League, will oppose Fraser Mills, of New Westminster, mainland titleholders, at the Royal Athletic Park, this afternoon, commencing at 5.15 o'clock. Riddle, of Vancouver, and McGregor, of Victoria, will be the umpires.

The Mills boast one of the strongest teams on the mainland. For the last three years they have won the championship of their league, and have won the way into the finals for the British Columbia title every season. This year they have held their own with the Vancouver clubs in the interleague games, and according to reports shape up as the coming British Columbia titleholders.

STICKNEY TO PITCH

Wes Stickney, the Jokers' diminutive southpaw, will occupy the mound for them. Suckney after getting away on the wrong foot at the opening of the season, has steered down considerably, and of late has been turning in some good performances. He will have to be at his best to hold the New Westminster sluggers in check. The Jokers, third base: Herbert, left field: Ryan, centre field, and Bray, right field. Included on the Mills' pitching staff are Doug Muscutt, the speed ball artist, Berg, J. Sullivan and Daley.

The New Westminster club, which arrived in Victoria this afternoon, is composed of a bunch of snappy ball players. Their line-up follows: M. Sullivan, catcher; Jacobson, first base; Brown, second base; White, shortstop; Hawkes, third base; Herbert, left field; Ryan, centre field, and Bray, right field. Included on the Mills' pitching staff are Doug Muscutt, the speed ball artist, Berg, J. Sullivan and Daley.

Tilden and Hunter Face Stiff Test

George Lott and Johnny Doe Stand in Their Path Towards Doubles Title

"Bunny" Austin and J. S. Oliff Fall Before Play of Coen and Coggeshall

Brookline, Mass., Aug. 29.—Bill Tilden and Francis T. Hunter today faced the greatest test in their quest for the United States doubles tennis championship, a title they won two years ago. The fortunes of the draw forced them to clash in a semi-final match with George M. Lott Jr. of Chicago and Johnny Doe of Santa Monica, Calif., the team that kept them out of last week's final bracket at Newport, R.I., by subjecting them to a crushing straight-set defeat.

The former champions barely squeezed into the semi-finals play yesterday when they nosed Gregory Mangin of Newark, N.J., and Norman Farquharson of South Africa out of the running in a five-set match. Lott and Doe have romped through the early rounds of the national play without great difficulty. Yesterday they eliminated Frank Shiele of New York and Strachan, Philadelphia, in straight sets.

Start Match Play in Golf Championship

Two Rounds Will Be Played On Saturday; Finals To Run Monday

Six Players Meet To-morrow In Playoff; Keen Matches Are Being Expected

Saturday will witness the two opening rounds of match play in the city amateur golf championship at the Victoria Golf Club. On Sunday the quarter and semi-finals are carded with the finals scheduled for Monday. In the draw for the opening round Saturday morning a number of the city's finest players have been drawn against each other and some excellent golf is looked for.

Bob Morrison, last Sunday's medalist, and present holder of the club championship of the Uplands, is drawn against Ed McQuade, of Colwood. Alex. Watson, of Oak Bay, the defending champion, will meet Art Beasley, a clubmate in what promises to be one of the best matches of the round. Alan Taylor, one of the youngest players to qualify, has been drawn against Bernie Schwengers, one of Colwood veterans.

Harold Brynjolfson, who tied with Art Beasley for second place honors in the qualifying round, will meet R. L. Challenor, another Upland representative. Jack Matson, a former champion, has been drawn against H. O. English, while Harold Lineham, Colwood, will play Bill Pomeroy of Uplands.

PLAY-OFF TO-MORROW

Norman Wallace, holder of the Colwood and Malacca Club titles, will play the winner of the six-man play-off for the last qualifying place, which takes place to-morrow afternoon at 5 o'clock. Those in the play-off include: Dr. Westwood, W. H. M. Haldane, J. A. Montgomery, George Prety, T. L. Swan and Walter Newcombe.

The complete draw and starting times follow:

Pirates Rise To New Heights and Smite Down Chicago

Cut Into Cubs' Lead By Taking Double-header

Demise of Pittsburgh Slightly Premature and Club Under Management of Jewel Ens Captures Two Games From National League Leaders; Mack Rights Fortunes of Athletics As They Defeat Yankees To Break Even In Series; Washington Wins Another From Boston For Clean Sweep.

The demise of the Pittsburgh Pirates was prematurely announced, according to no less an authority than Joseph V. McCarthy himself. The keeper of the Chicago Cubs takes odds that the Buccaneers not only were alive as recently as yesterday afternoon, but also were raiding the country in about Forbes Field, where it was unsafe for peaceable folk to go about their business. The Bruin band tripped into Pittsburgh yesterday faced by the purely routine task of going through with five games of ball against a foe already fallen. The surprise of the invaders knew no bounds when the home defenders took not one decision, but two, in the dual skirmish which marked the opening of this happy party.

While this double dent put into Bruin lines can hardly be said to have restored the Pirates to the dignity of contenders, the fact remains that the Cubs themselves are headed nowhere in the general direction of a twenty-game lead which seemed not improvable just twenty-four hours ago. The men of McCarthy still lead by twelve and one-half games and rate as coming champions but the mathematical certainty is at least a bit further away. Playing their first game under the management of Jewel Ens, successor of Donie Bush, the Pirates lapped Perce Lay Malone for fourteen hits and ten runs in seven innings to win by 10-3 after Kiki Cuyler's homer had given the Cubs a 3-1 lead over Burleigh Grimes in the third. Nine of the runs were earned.

ASSAULT PENNER
The Cubs dashed into a lead of six to two in the seventh round of the nightcap on Rogers Hornsby's first home run, and order was said to be restored. In the home half, however, the Pirates assaulted Ken Penner, the Hoosier recruit, for three runs and continued the bombardment in the eighth for two more to win by 7-6.

Connie Mack righted the fortunes of the Philadelphia Athletics once more but he had to call upon Bob Grover in the seventh before he entered the New York Yankees at the Stadium on the Harlem. Walberg and Quinn had been roughly used and Eddie Rommel had been removed for a pinch batsman after one good inning. Grover got nothing but the exercise as the game was won by a five-run rally in the seventh before he entered the field, forcing the credit upon Rommel.

After several brilliant, if losing games, Roy Sherid was hammered into a state of helplessness and three succeeding Yankee pitchers fared little better. Ruth returned after a lay-off of part of one game and hammered out his thirty-sixth homer, increasing his lead. Gehrig hit his twenty-eighth and Lynn Lary his fourth. The victory gave the American League leaders an even division of the two engagements in New York and restored their margin to thirteen games.

The Washington Senators rallied at the end to defeat the Boston Red Sox by 7-4 in the second and final game of the short series in Washington. Walter Johnson's men took both. The four remaining American League clubs were idle.

Sports Draw Thousands to Cordova Bay

Keen Competition Features Aquatic Events Staged By Residents at Regatta
Alan Pendray Wins Canoe Races; Swimmers Show Good Form

Showing exceptionally keen competition in virtually every event, athletes of Cordova Bay furnished one of the most interesting sports programmes ever staged there yesterday. Between two and three thousand spectators from Victoria and surrounding districts attended the land and aquatic meets and enjoyed the lengthy programme of races and novelties.

Albert Russell and Jack Chapman, husky local oarsmen, carried off first honors in the men's and boys' single dinghy races for the Norris and Gibbs Cups respectively, while Ruby Bethel wielded a fast paddle to take the McMoran trophy and brooch for the women's single canoe race.

In these contests, which proved the features of the residents' aquatic sports, the winners showed considerable skill and were never seriously challenged. However, in the swimming races close finishes proved the order of the day. In the first of these events, Miss Stevens gained a close victory over Eleanor Cameron, Ken Roskelly, local Y.M.C.A. junior, proved too fast for the field in the boys' under fifteen fifty-yard sprint and captured the first honor and only gold medal, with Ken Barry finishing second.

Deane Cameron, one of the Bay's star swimmers, was extended to win the women's event, but finished with a small margin over Eleanor Cameron. Bob Gordon proved the class in the men's senior event.

In the canoe races, Alan Pendray was the outstanding contestant, winning mixed double event in partnership with his wife, the men's single race, and men's doubles along with Ken Caulfield.

He also captained the winning team in the four-paddle event. This race was closely contested from start to finish and brought forth considerable argument on the part of the competitors. The runners-up in the event alleged that their crew had pushed them out of the race at the turn, but when the excited paddlers had cooled down, Allan and his three stalwarts were adjudged winners.

LAND RACES
During the early part of the afternoon the residents furnished plenty of keen competition in the foot races and added greatly to the enjoyment of the spectators with numerous novelty events including sack races, log-sawing contests and nail-driving competitions. Great credit is due to the committee in charge of the programme for the outstanding success they scored in it. Prizes were presented to winners of the different contests at the close of the meet by Reeve William Crouch.

New Sculling Marvel—By Jimmy Thompson

Noel De Mille, eighteen-year-old sculler of the Vancouver Rowing Club, created quite an upset at the annual regatta of the North Pacific Association of Amateur Oarsmen held at Victoria, B.C., when he captured both the junior and senior titles. He took the measure of Del DesBriay of Portland, Ore., who has been senior sculling champion for five years. De Mille entered the regatta an unknown, but he walked away with the junior sculls in commanding style on the first day and then crowned his work the following day with a win over a classy field in the senior singles. De Mille is being carefully developed in Vancouver and, although no giant by a long way, he has beautiful form and keen rowing sense. He is expected to develop in the next two years and may compete in the Canadian Henley at St. Catharines, Ont., next year. De Mille takes his sport seriously and is out every night training.

Wrigley Marathon Expected To Get Under Way To-morrow After Being Postponed Twice

Toronto, Aug. 29.—Despite a fairly strong north wind, conditions appeared fairly favorable to-day for the starting of the Canadian National Exhibition-Wrigley fifteen-mile swimming marathon to-morrow after two postponements.

To-day's early temperature reading showed the water to be 58 degrees, the designated minimum. Mrs. Ruth Armstrong of Detroit announced her intention of accompanying Miss Ruth Tower of Toronto in her attempt to capture the fifteen-mile swimming championship of the world. There are more than 250 male entries but the two will be the only feminine contestants.

"MISS WILLS, WOULD YOU PLEASE—?"

Kids are different nowadays. They used to hang around the players' dug-outs at the big league parks to get autographed baseballs from the stars. Now they are after autographed tennis balls. Here you see Helen Wills, America's queen of the courts, writing her name for a youthful admirer at the opening of the women's national tennis championships at Forest Hills, L.I.

SPARKLING KIDS WILL DO BATTLE

50,000 Will Witness Singer-Chocolate Bout To-night; Former Is Favorite.
Both Packed With Stuff That Makes Champions; Have Large Followings.

(By EDWARD J. NEIL)

New York, Aug. 29.—Two sparkling kids, without a title between them, but packed with the stuff of which champions are made, will all but fill the spacious Polo Grounds to-night for the first "natural" of the outdoor fight season.

One is Al. Singer, fast, deadly punching Jewish boy from the Bronx, who knocked out Andre Routis, the featherweight title holder, in his last important match. The other is the ebony enigma from Havana, the dusky Kid Chocolate. They are scheduled to box twelve rounds at 128½ pounds.

For a full year, the paths of this pair of youngsters have threatened to cross and clear the way for one to continue on to title heights. Chocolate has fought each of his 154 matches without a defeat, either close to or below the lightweight limit of 119 pounds. Singer, however, is a full-flledged 128 pounder, growing steadily into the lightweight class. The weight difference hitherto has kept them apart.

HIGH WAGERING

Arguments as to their respective fighting abilities have been bitter and long drawn out for many months. Each has a tremendous local following. Wagering on the match is believed to have reached \$50,000 with Singer a bit favored at 7 to 5. So heavy has been the demand for parking space within the big National League ball park that a crowd of 50,000 probably will pay \$200,000 or more to see the battle.

While Singer, only nineteen years old, has risen to the more spectacular heights on occasion, Chocolate has impressed critics as one of the greatest little negro fighting machines of all time. The patient fighter "Keed" has whipped Fidel Labarba, Bushy Graham and Miguel Gregorio for his outstanding victories. In addition to all that, he thrills the crowd with his showmanship and eagerness to rip and tear when the going gets hot.

ONE DULL SPOT

The dull spot in the career of Singer, labelled another Benny Leonard, is a knockout at the hands of Bernard Fernandez, rugged little Filipino whom Chocolate whipped decisively. The black-haired, lightning Jewish lad came back from that reversal to crush Routis, never before knocked out, in two rounds. The featherweight title was not at stake as Singer came in overweight. The Bronx sensation also is a smart, fast boxer and hits much harder with his right hand than Chocolate does. Singer has a draw to his credit with Tony Canzonieri and through the winter specialized in knocking out his rivals as fast as they could be marched before him. Only two years ago both Singer and Chocolate started their careers in \$50 preliminaries at the small club level.

HORSE RACING

Vancouver, Aug. 29.—Packing 123 pounds, top weight, Gold Rush, three-year-old colt owned by D. Cameron, and ridden by Pollard, figuratively walked away from his field in the British Columbia Derby, feature event of yesterday afternoon's card at Brighouse Park, winning by five and a half lengths in the mile and a quarter. Flair Pete came second and Rapid third.

A few punters got their innings in the third, when Cas Welch came out to pay \$53 on the nose, and \$22.50 across the board.

Results follow:
First race—Five and a half furlongs. Klauas, \$2.90; \$2.90; \$2.50. Belle Somers, \$6.70; \$3.50. Charlie Murray, \$3.70. Also ran: Pauhan, Lucky Cat, Contribution, Prospect, Pretext, Keala. Scratched: Tender Beth, Aden H. Ringman, Northern Prince, June, Miss Jennings, Prince Taro.

Second race—Six furlongs: Ferrona Beth, \$10.30; \$4.50; \$2.50. Roanmont, \$9.45; \$3.50; Honey Thistle, \$3.10. Also ran: Jessie Belle, I Told You, Dusty Miller, Pandion Queen. Scratched: Aali, Muriel H.

Third race—Mile and seventy yards: Cas Welch, \$53.00; \$20.90; \$8.80. Our Dan, \$6.40; \$3.20; Captain Adams, \$3.00. Also ran: Frank Gallor, Shasta Bishop, Rural Gossp, Lacey Funnell, Catey. Scratched: Coeur de Lion, Spear Shot, Ko Ko, Ojo, Sylvanus, Harum, Klidder.

Fourth race—Five and a half furlongs: Hey Dine Diddle, \$4.70; \$2.50; \$2.50. Simony, \$4.00; \$2.60; Vision II, \$3.00. Also ran: Virginia Beauty, Dapper, Glad Effort. Scratched: Chard, Cyclops.

the game in hand from the start, scoring five runs in the initial inning. Steve Dunc was the only Fore'er to cross the plate. He got home in the final frame to prevent his team from being whitewashed.

Gaining the decision by the odd run in nineteen, Harmony, women's city softball champions, took their second straight game from Sidney last evening at Central Park.

The winners showed good form throughout the game, and should stand a good chance of taking the mainline champions into camp in the provincial play-offs.

LAWN BOWLING

Finishing on the long end of a 22-21 count, Skipper McKay led his rink of Fullerton, Mollard and Greenhill off the Victoria Lawn Bowling Club's greens yesterday with the Veterans' championship tucked under their arms. Each winner was presented with a cane.

Roberts, Marchant, Lloyd and Stewart, skip, put up stiff competition throughout the match, and had the outcome in doubt until the final end.

Jack Sullivan and W. Mowat were elected presidents of the Junior Football Association and Junior Football League, respectively, at a meeting in the Y.M.C.A. last night. Fred Oliver was named secretary of both.

W. Mowat, D. Munroe and C. V. Milton were appointed members of the executive council of the association, while W. H. Hadley, former secretary, was chosen delegate to the British Columbia body.

It was decided to have all entries for the Junior League filed by September 16.

Mandell Winner By Technical Knockout

Potoskey, Mich., Aug. 29.—Sammy Mandell of Rockford, Ill., lightweight champion, won by a technical knockout in the third round of a ten-round bout with Frankie Frisco, Pacific coast lightweight, here last night. Frisco's handlers tossed in the towel to save him from further punishment. Frisco was floored for the count of nine in the second round, and went down again near the end of the third.

Mandell weighed 139 and Frisco 137 pounds.

Trail Riders in Rockies

1.—Resting at the foot of Mount Ball on Shadow Lake, a spot seldom visited in the Rockies.

2.—Riding on a skyline over seven thousand feet high.

3.—Riding on a skyline over seven thousand feet high.

Over a hundred members of the Order of Trail Riders took the four day trip from Banff to Castle Mountain, Bungalow Camp via Healey Creek, Shadow Lakes and the Twin Lakes early in August. Besides the glorious scenery, the exhilarating air and the life in the open the trail riders enjoyed some first-class trout fishing and some of the hardest even took in a little glacier-fed lake bathing. Some of the lakes visited have been seldom seen by tourists in the Canadian Rockies and the United States for this annual outing.

STUDENTS ARE THRILLED WITH EUROPEAN TOUR

Liner Duchess of Richmond Arrives in Quebec With Party of Canadians

Visited Many European Cities With Two Weeks in London; Glad to Return

Montreal, Aug. 29.—The Canadian Pacific liner Duchess of Richmond arrived here last night with 150 students and twenty teachers, who have spent the last two months on a European tour. In addition there were 100 other passengers.

The majority of the students have just experienced their first taste of ocean and European travel and returned to Canada happily thrilled with the places they had visited and the things they had seen, but also with keen delight at reaching home once more.

"We had a wonderful time," said one Vancouver girl when asked about her travels. "We saw just everything we could possibly have wished since we left Montreal on the Metagama in June, but I know I am just longing to see the Rockies again. I was unable to go to Switzerland."

"We were royally entertained in Great Britain," said one of the Manitoba Varsity contingent. "We explored Windsor Castle, Hampton Court and Holyrood and were entertained in a wonderful manner at various colleges at Oxford and Cambridge."

ALMA PICKS MANAGER AS HUSBAND

The screen career of Alma Bennett has been so well managed by Harry Spangler that Miss Bennett has elected him to manage all her affairs for life. They are shown here as they obtained a license to marry at Los Angeles.

AT THE THEATRES

"MELODY LANE"
OPENS HERE ON
CAPITOL SCREEN

Life backstage in a three-day vaudeville, where the painted smile is dropped, where puppets of pleasure become human beings again, is strikingly portrayed in a manner that reaches right to your heart in Universal's "Melody Lane," starring Eddie Leonard, minstrel king, with Josephine Dunn, which opened to-day at the Capitol Theatre.

"Melody Lane," written by Joe Swering, whose play "Kibitzer" was a recent New York success, is an exceptional human story blended with Leonard's minstrel and ballad singing, which served to introduce three new song hits, "Beautiful," "Sugar Cane Round My Door" and "The Eagle Man Am Here."

Leonard, to whom the sceptre of minstrel king descended from Primrose and Dockstader, McIntyre and Heath, and who wrote the ever-popular "Ida Sweet As Apple Cider," does his blackface stuff on the stage in the picture as an integral part of the story, dealing as it does with backstage life. In addition to the three new songs Leonard dances and sings several of his old-time favorites.

MILDRED PAGE AND
COMPANY PLEASING
CAPACITY HOUSES

With a company of nine talented players who are winning great popularity in Victoria, Mildred Page is appearing all this week at the Coliseum Theatre in a stage production entitled "Gossips," a three-act comedy by Robert J. Sherman. The players take the stage every evening about 8:30 o'clock, and on Saturday afternoon will appear during the matinee performance.

Horace Lintz is the leading man of the new company. With long experience on both the stage and screen, Mr. Lintz is a clever and dignified actor. This week he has the role of a young person and gives a brilliant portrayal of the man who is struggling to do his best in the face of terrific odds. Miss Crystal Lee, although not having a very prominent role this week, is a talented actress, and one who will portray many varied roles during her stay here. She has a pleasing personality and her accent and diction are delightful. Miss Ruth Albright has the role of a matron this week and gives a good account of herself in this rather difficult part.

CURWOOD STORY
IS PORTRAYED AT
COLUMBIA THEATRE

Redolent of the deep Canadian woods in its atmosphere, graphically depicting a story of rare dramatic strength and replete with scenes of striking pictorial beauty filmed in the great western wilderness of mountain and forest, "The Yellow-Back," presented by FBO at the Columbia Theatre, strikes a human note that bids fair to win for it a well-merited success.

"CONSIDER IT DONE"
SAYS ENRICO WHEN
PRISON BARS LOOM

"Consider it done!" That is the phrase which always springs to Enrico Julio's lips when he agrees to grant a request. He makes use of it when the President of the Republic of Porto offers him his choice of twenty years in prison or single-handed the bringing in, dead or alive, of Diego Garcia, leader of the revolutionary party. And later in the story of "The Gun Runner," Tiffany Stahl's production starring Ricardo Cortez now showing at the Playhouse Theatre, that lovable fire-brand has occasion to say it again and again.

"The Gun Runner" is based on Arthur Stringer's exciting adventure novel of the same name.

PATHFINDER

Outstanding Quality at
LOW PRICE

A TIRE even better than the Good-year Pathfinder that has served thousands so well and so economically. The improved Goodyear Pathfinder—in many popular sizes—is now in your dealer's stock.

And what a tire it is! A tire that would be considered good in any price class, it rightly and quite naturally leads in the low-priced

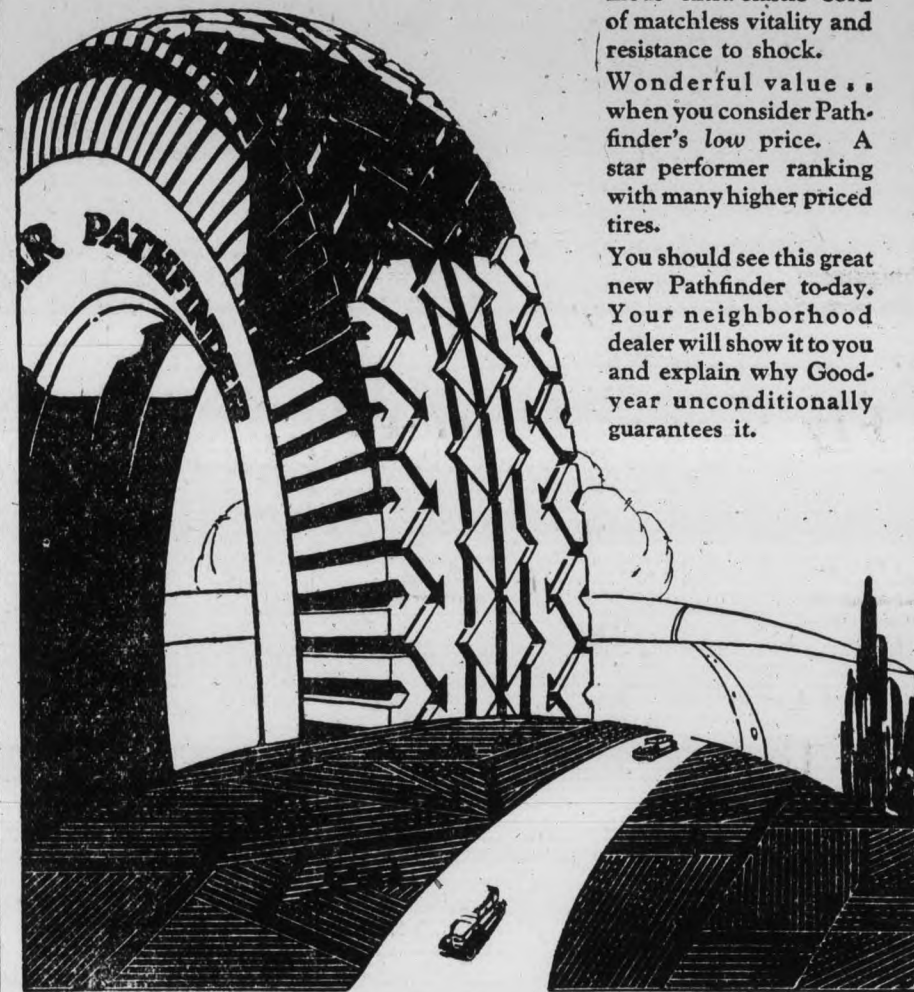

field in which it is now offered to you.

The big, husky, handsome Pathfinder! Examine it to-day. You'll see traction in every groove and block of its massive tread. You'll see quickly that it's built for long, even wear.

And more than that, Pathfinder has a body of Supertwist Cord, that famous extra-elastic cord of matchless vitality and resistance to shock.

Wonderful value... when you consider Pathfinder's low price. A star performer ranking with many higher priced tires.

You should see this great new Pathfinder to-day. Your neighborhood dealer will show it to you and explain why Goodyear unconditionally guarantees it.

CARLOTTA KING MADE
STAGE DEBUT WHEN
THREE YEARS OF AGE

Carlotta King, who plays the role of Margot in the Warner Bros. Vitaphone opera, "The Desert Song," now showing at the Dominion Theatre, started her singing career early.

Her father was a singer and her mother a pianist, and when Carlotta was but three and one-half years old she appeared with her parents and sang before an audience of 5,000 people.

From over-use of her childish voice she lost it completely at the age of fourteen, and for the next four years was totally unable to sing.

Higgins and family, all of Vancouver, and the McMasters are occupying cottages at Welcome Bay.

Mrs. A. McLean Sr., is leaving this week for her home in Guelph, after having spent the past three months with her son and daughter-in-law, Mr. and Mrs. D. G. MacDonald.

Mr. and Mrs. Richard Roe, of Victoria, and their daughter, Mrs. Wm. Pearce and family, spent a week at their former home here.

Mrs. Wm. Mollison and family have returned home after camping for the

past six weeks at Shingle Bay, where Mr. Mollison is employed.

The Misses Frame, of Sterling, Scotland, have been the guests of Mr. and Mrs. Hugh Hamilton for a week.

Mr. and Mrs. J. S. Lane and daughters, and the Misses Quinn, of Vancouver, have returned home after a visit with Mrs. D. G. MacDonald.

Mrs. R. H. Auchterlonie and family left on Thursday for a visit with relatives in Victoria.

Mrs. Alex. Hamilton, of Browning Harbor, is seriously ill in the Royal Jubilee Hospital, Victoria, and little hope is held for her recovery.

PANTAGES IS HELD FOR TRIAL

Here is Alexander Pantages, prominent United States theatrical magnate, as he sat in court before Judge Leonard Wilson at Los Angeles and heard the judge order him held for trial in Superior Court on charges of criminally attacking seventeen-year-old Eunice Pringle. If convicted, Pantages would face what would virtually be a life sentence.

Theosophical Society

"The primary purpose for the founding of the Theosophical Society fifty years ago, was the preparation for the coming of a great world teacher," said Elaine Scribner, theosophical lecturer, in a talk on "The Return of

Christ," last night at the Pemberton Building. "The same Great Being who walked and talked in Palestine 2,000 years ago, has been long prepared for and awaited by thousands of theosophists all over the world. The lecturer described some of the reforms which she said would arise as a result of the help given to the world by Christ, among these, being greater economic happiness, and a new type of education for the children.

Following the lecture, announcement was made that a meeting would be held at the Y.W.C.A. in the front parlor this evening at 8 o'clock for all those who desired to join the Theosophical Society.

A Business Matter

Mortis—Dad, what are morals? Abe—Well, suppose you are in business and a client pays you \$3,000 instead of \$2,500. It is a matter of morals whether you pay him back half the difference or not.

FRECKLES

Don't Try to Hide These Ugly Spots; Othine Will Remove Them Quickly, and Safely. This preparation is so successful in removing freckles and giving a clear, beautiful complexion that it is sold by all drug and department stores with a guarantee to refund the money if it fails. Don't try to hide your freckles or waste time on lemon juice or cucumbers; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lightest freckles vanishing entirely. Be sure to ask for Othine—double strength! It is this that is won on money-back guarantee. (Adv.)

RUSSIAN SOVIET TROOPS PARADE

Here are Russian Soviet troops as they paraded during a recent "red"
celebration in Moscow, showing how quickly workers could be mobilized
for warfare. The man carrying the red flag and the men in the gas
masks are workers. Below is a glimpse of the children's section of the
parade, showing youthful members of a Red Cross unit.

**Latest Argosies
Of Air Displayed
At Hendon Show**

Reuter's Special to The Victoria Times
London (By Mail).—The Prince of
Wales opened at Olympia the finest
international exhibition of aircraft
ever seen. Nearly a hundred flying
machines of various types are on view
in the great main hall. These historical
exhibits enable one to trace the de-
velopment of aviation from that win-
ter's morning twenty-five years ago
when Orville Wright rose in his tiny
low-powered biplane to make the
world's first heavier-than-air flight of
fifty-seven seconds.

Civil aerial transport began ten years
ago, when a tiny two-passenger plane
operated the first daily air service be-
tween London and Paris. And now, at
the Olympia, visitors may inspect one of
the latest "argosies" which operate on
the Imperial Airways routes, with
seats in a big, luxurious saloon for
twenty passengers. Even this nine-
ton machine will before long be reck-
oned too small.

Also to be seen is the hull of a great
new Handley-Page machine, with a
saloon as big as a railway Pullman car,
which is to provide seats for forty
passengers.

Every Air Ministry exhibit for the
show undergoes a strict censorship to
ensure that the world shall learn
nothing of the real secrets of the
Royal Air Force. One high-speed day
bomber, which is capable of over 200
miles an hour with a full load, will not
be seen by the public, although it had
been announced to appear.

Nevertheless, the Air Ministry stands
among the most attractive of the
exhibition. Models to scale represent
the whole history of aviation, from
the first model of a flying-boat
designed in 1870, and the last that of
the airship R 101, which has yet to
be completed.

A quaint exhibit is a "hot-air" bal-
loon, which was used by Pilatre de
Roussier, the world's first aeronaut, for

**Commons So Solemn
"Bu, Bu, Bu" Fails
To Stir Even Laugh**

Reuter's Special to The Victoria Times
London, Aug. 29.—A Parliamentary
reporter has just been congratulating
the Minister of Transportation on the
admirably solemn way in which he
answered a question in the House
about the Bu Bu Bu railway—and this
is an assembly which has the reputa-
tion of being easily tickled.

Probably the only Parliamentarian
who really felt at home in a situation
like this was the elder Pitt. On one
occasion Pitt rose abruptly to make
a speech, and exclaimed, "Sugar, Mr.
Speaker." This apparently ridiculous
remark, together with the theatrical
gestures of the old man, caused one
or two ill-advised members to laugh.
Pitt turned round, repeated the word
"sugar" three times, and then said,
"Who will now dare to laugh at
sugar?"

The members, it is related, sank at
once into abashed silence.

**HOW THE GARRICK CLUB WAS
CAUGHT**

Lord Castlereagh tells a story of how
a woman broke bread in the main
building of the Garrick Club, a close
corporation of the male sex. The
members invited M. Guttery to supper,
and he came accompanied by his wife,
explaining that he never supped with-
out her. Naturally the situation was
accepted, and no doubt her hosts did
not for a moment permit the beauti-
ful and gifted Miss Yvonne Printemps
to realize that she was less than most
welcome. They do not appear, how-
ever, ever to have asked any woman
to have a meal with them off their
own bat.

**Many Poison Gases
Tend to Act First on
Delicate Brain
Tissues**

By DR. MORRIS FISHER
In order to understand how poison-
ous gases affect human beings and to
know how to treat victims, it is neces-
sary to have the fundamental under-
standing of the mechanism of breath-
ing that has been given in another
article and also to know something
about the way in which poisonous

gases differ from the ordinary air and
from oxygen.

When the gas is taken into the
body it may be absorbed by the blood
and cause changes in the blood that
are most always permanent.

Some of the tissues are more af-
fected by gases than are others. It
has been estimated that during rest
80 per cent of the blood passes through
20 per cent of the circulation and that
the remaining 80 per cent of the tissues
receive 20 per cent of the blood.

The amount of blood that goes to
the brain, the organs of the body and
the glands is large; the amount that
goes to the muscles, the bones and the
feet is small. There is no doubt that
for this reason the brain is more seri-
ously affected early by small doses of
poisonous gas than are other tissues of
the body.

With these points in mind, the gases
that affect the human being may be
divided into various types. First are
those that cause a lack of oxygen in
the body and which produce death by

asphyxiating the human being. Some
gases prevent oxygen from getting into
the lungs. Other asphyxiating gases
act on the blood to keep it from carry-
ing oxygen or on the tissues of the
body to keep it from using oxygen.

A second group of gases are called
irritating gases. They burn or other-
wise injure the surface tissues of the
lungs, causing inflammation and in-

that way preventing absorption of
oxygen and producing death.

A third group of gases exert a drug-
like action after they get into the
blood by way of the lungs. They in-
clude the nitro compounds which alter
and destroy the red coloring of the
blood and in that way interfere with
the carrying of oxygen, and they in-
clude also the anesthetics.

Present estimates set the number of
Chinese perishing from starvation at
40,000,000.

"Mystery of Nootka" Tells Island Lore

Indian lore of Vancouver Island has formed the theme of many interesting stories and one of its latest uses has been as a publicity agent.

In the Pickwick Papers, a motorist magazine published in Los Angeles, there appears an illustrated article by Frank Giolma, publicity writer of the Victoria and Island Publicity Bureau dealing with the "Mystery of the Nootka." Indian men with weird head-dresses, antique fishing villages and quaint totem poles are described and pictorially portrayed in this article which appears in the August issue.

A recent edition of the San Francisco Chronicle carries a full page in octavo, showing various angles of Indian life on the west coast of Vancouver Island.

The Real Estate Board of Victoria at its fortnightly luncheon meeting in Spencers' dining-room to-morrow will discuss town-planning schemes advanced by Alderman William Marchant in a recent address to the organization. A coming visit of the board to Sooke and zoning problems will also be considered.

Ward Two Sancho College Gardeners' Society will hold a meeting at the home of F. Crowe, 3368 Douglas Street, to-morrow night at 8 o'clock to make final arrangements for the annual exhibition in St. Mark's Hall, September 7. Entry forms for the show may be obtained from the secretary, W. L. Llewellyn, 3710 Saanich Road, or from Mr. Crowe.

NOTED BRITONS WILL VISIT HERE ON JAPAN TRIP

Distinguishing Party Going to Pacific Relations Conference at Kyoto

A number of distinguished Britons who are proceeding to the third biennial conference of the Institute of Pacific Relations at Kyoto, Japan, will arrive in Victoria early in October, and will in all probability sail with the advance guard of the Canadian delegation aboard the liner Empress of Asia on October 3 for Yokohama. The conference at Kyoto opens on October 23.

Heading the British party will be Lord Halsbury, Lord Chancellor in the Baldwin Government, who is better known as Sir Douglas Hogg. He will be accompanied by Lady Halsbury.

Other members of the British party will be Dame Edith Lytton, G.B.E.; Miss Eileen Power, historian of the London School of Economics; Lionel Curtis, formerly Beit lecturer of Colonial History at Oxford, and honorary secretary of the Royal Institute of International Affairs; Professor A. J. Toynbee, research professor of International History at the University of London; Hon. Hugh A. Wyndham, formerly member of the Legislature of the Union of South Africa, and Canon R. H. Streater, fellow and lecturer of Queen's College, Oxford.

Professor C. K. Webster, Woodrow Wilson professor of International Politics in the University of Wales, Dr. S. K. Davis, former international secretary in India of the Y.M.C.A.; Malcolm J. MacDonald, son of the Labor Prime Minister of Great Britain, member of the British House of Commons for Bassetlaw, and member of the London County Council; George S. S. M.C., son of Charles V. Sale, governor of the Hudson's Bay Company; Archibald Ross, C.I.E., and W. Turner, of Reuters' News Agency, will also be members of the British party.

Accompanying the British delegation as secretaries will be Hon. W. W. Astor, son of Lady Nancy Astor, M.P., and Gerald Coke, Hardy Jowett, of the Asiatic Petroleum Company, Peking, will join the party at Kyoto.

Rotary Members

Bid Farewell

To I. W. Awde

Ivan W. Awde, manager and concessionaire of the Crystal Gardens, who leaves shortly for Calgary, to-day received the best wishes of the Rotary Club of Victoria, of which he has been a member for the last three years. While the club was sorry to lose such a valuable member as Mr. Awde, its members joined in wishing him the best of success in his new position, said Alfred Carmichael, chairman.

EARL OF CROMER HERE SEPTEMBER 3

The Earl and Countess of Cromer, accompanied by their son and two daughters, are expected to arrive in the city by the afternoon boat from Vancouver on Tuesday, September 3. While here they will stay at the Empress Hotel.

The Earl of Cromer is Lord Chamberlain of Great Britain. Rt. Hon. Winston S. Churchill, Chancellor of the Exchequer in the Baldwin Government, accompanied by his son, Randolph, and brother, will be guests at Government House during their stay in Victoria. The party is expected to arrive here on the afternoon of Wednesday, September 4, in company with Lieut.-Governor R. Randolph Bruce and Miss Helen Mackenzie.

Victoria to Have Hockey This Winter

Tacoma Not Likely to Post Money Before Sept. 1, Reports State

Same Four Clubs Will Form Circuit; Cubs Likely To Be Strengthened

Seattle, Aug. 29.—Despite rumors that Spokane and Tacoma will be represented by teams in the Pacific Coast Hockey League next winter, the same four teams that battled it out for the championship last winter will again make up the circuit.

The latest rumor in circulation is that the Victoria franchise and players will be sold to Tacoma, but that has apparently evaporated into thin air. Tacoma has been given until September 1 to post a sizeable bond if it desires membership in the league and, according to reliable information, the money has not been posted and will not be.

The Cubs lost money last season because of a rather weak club. Other directors have advised the Victorians to strengthen their club instead of selling it. Tacoma wants hockey badly, but is not in a position yet to support it. The city needs a rink and an organization of business men back of the club who can step out and purchase a strong team.

Harold Clark, young son of Mr. and Mrs. J. B. Clark, 2118 Sayward Avenue, was rushed to the Jubilee Hospital about 8 o'clock this morning suffering from a broken leg sustained when he was knocked down by an automobile near the intersection of Pembroke Street and Fernwood Road.

Dr. W. H. Morris attended the injured lad, who was resting easily this afternoon. According to a report made to the police, W. W. Barker, 1348 Bay Street, was the driver of the car in the accident. It is believed the boy, in company with playmates, was rolling a hoop on the street and that he did not see the approaching vehicle. Mr. Barker took the lad to the hospital and then reported the mishap to police headquarters.

Bell and White Reach Finals In Tennis Pl.

Brookline, Mass., Aug. 29.—Bekeley Bell and Lewis N. White, both of Australia, defeated the local pair of Arthur G. Bell and Lewis N. CITY TO GREET BISLEY HERO

Lieut.-Col. R. M. Blair and Members of Victorious Team to Be Guests

Victoria will acclaim the British Columbian members of the victorious rifle team, which won fame for Canada on the ranges at Bisley at a banquet to be held at the Chamber of Commerce to-morrow at 7:30 o'clock. Lt.-Col. Sir Percy Lake, K.C.B., C.M.G., will take the chair, and the invited guests will be Lt.-Col. R. M. Blair, V.D., O.M., G.C.; Lt. D. R. Fyvie, Master Gunner H. Collings, Sgt. J. H. Regan and representatives of the Navy, Army, Provincial Government and City Council.

The District Council of the Canadian Legion believe their action in arranging the function in Victoria in honor of the most successful team that ever represented Canada at the famous rifle meeting will meet with the approval of all citizens who have the welfare of their city at heart.

While the club was sorry to lose such a valuable member as Mr. Awde, its members joined in wishing him the best of success in his new position, said Alfred Carmichael, chairman.

Al Singer Has Weight Advantage

New York, Aug. 29.—Al Singer outweighed Kid Chocolate by three and three-quarter pounds at the official weighing-in ceremony this afternoon for their bout at the Polo Grounds to-night. Singer scaled 128½, and Chocolate 125. This was the weight stipulated for Singer under a side agreement.

B.C. HAS GOOD ROADS ROTARY TOLD BY WARING

Member of Club Tells of Scenic Trip Over Cariboo Highway This Summer

Says Victorians Should Know Beauty of Road Better; Experience En Route

"A Motor Trip Over the Cariboo, Banff and Calgary Highways," was the subject of a talk given by Frank Waring, a member of the club, before the Rotarians at their luncheon in the Empress Hotel to-day. Mr. Waring, who made the trip this summer with his wife and family, covered various events en route as far as Spokane before the time limit set for his talk expired.

At the outset Mr. Waring regretted that so few Victoria motorists knew the Cariboo Highway well. He paid tribute to the builders of the road and declared that from a scenic point of view, the Cariboo Road far surpassed that of the Pacific Highway to California.

Mr. Waring drew a word picture of his trip 12 o'clock started from Victoria June 29. Going by way of Sidney and Bellingham, Mr. Waring proceeded through Huntington to the Yale Road and thence to "Chilliwack and Hope, crossing the Fraser River at the latter point.

A stop for the evening was made at Emery Creek, an historic gold mining settlement, traces of which have now practically disappeared.

The next day the party proceeded to Spuzzum, crossing the Alexandra Bridge. In this connection, Mr. Waring stated that accounts of the highway being dangerous were erroneous and that it was as safe as the Malahat Highway on the Island.

Through Lytton and Spencer's Bridge over gravel road to Merritt where the mosquitoes were bad," the travelers went.

Mr. Waring was enthusiastic over the beauty of Nicola Lake and then described the rolling sheep country near Kamloops.

Vernon was having its July 1 celebration when the party arrived and thence they journeyed to Kelowna, Sumnerland and Penticton.

"We liked Penticton so well we stayed there all next morning," Mr. Waring said. "But when we reached the United States border, the customs men made us unpack all our trunks in the broiling sun."

Through Brewster over a "cow trail" and through sage brush and sand to Coole City was the next stage of the journey.

Mr. Waring compared the roads in British Columbia with those he traveled on in Washington and declared British Columbians did not realize what fine roads they have.

When Mr. Waring had "reached" Spokane in his talk, the chairman's gavel drew attention to the time limit.

J. M. Whitney delivered a short address pointing out the jewelry business, pointing out that this line of endeavor was a peculiar one, especially in Victoria, where a large stock must be carried owing to the distance from markets.

COL. A. B. MACKAY IS VISITOR HERE

Alberta Motor Association Head Discusses Matters With Local Officers

Col. A. B. Mackay, president of the Alberta Motor Association and a prominent citizen of Calgary, was a visitor to the city this week. During his stay on the coast Col. Mackay conferred with officials of the Automobile Club in Vancouver, attending a meeting of the provincial executive held recently. While in Victoria, automobile club matters were discussed with Major H. Cuthbert Hogg, president of the Automobile Club of B.C., and R. R. Webb, local secretary.

Col. Mackay has long been an enthusiastic motorist and a strong advocate of motor owners' organizations having always taken a deep interest in the affairs of the Calgary Automobile Club, and later the Alberta Motor Association. With the rapidly increasing tourist trade from the prairie provinces, the Alberta and British Columbia Clubs are working in very close harmony, and in addition promoting better motor conditions for all, they are in a position to render a distinct and valuable service to the members of both clubs.

Fine Imposed on Charge of Fraud

Sidney Hughes, charged with attempting to gain money by false pretences, pleaded guilty when arraigned before Police Magistrate C. J. Prior in City Police Court this morning.

Hughes had previously pleaded not guilty to the charge, but to-day elected summary trial and altered his plea.

A fine of \$50 or one month's imprisonment with hard labor was imposed by the magistrate, who stressed the seriousness of the offence, but warning Hughes that he must have a bona fide cheque for \$60 with the Hudson's Bay Company.

SPROTT-SHAW TO START FALL TERM NEXT TUESDAY

Efficient Equipment of Local Business School Keeps Standard High

The Sprott-Shaw Business Schools will commence the fall term next Tuesday with one of the largest enrolments in its history. It is announced by J. H. Sprott, M.P., managing director of Sprott-Shaw for British Columbia.

The splendid progress made by the school is due very largely to the high level of efficiency maintained in every department. Sprott-Shaw is a member of the Business Educators' Association of Canada and the Commercial Schools Association of the Pacific Northwest. Only schools of first-class standing in every respect can become members of the B.E.A. This association stipulates that every member school must be of a specific size, must have a teaching staff of the highest qualifications and must be thoroughly modern in all its equipment and methods.

To maintain the high standard of efficiency the B.E.A. has an examining board to set and mark the examination papers of all students of member schools. Successful students are granted B.E.A. diplomas, which are commonly accepted as significant of the best possible business school training.

TEN TEACHERS

There are ten teachers on the Sprott-Shaw staff and the school is thoroughly equipped with every practical system and device used in the best business houses to-day, such as adding, calculating, multiplying and mimeographing machines. The typewriting department possesses seventy-two typewriters. In the commercial department are found complete loose-leaf systems, card systems, cryptic systems of cash books and journals and filing cabinets.

The employment bureau is always at the service of graduates and former students, not only to secure positions for them, but also to assist them to promotion after actual experience in business.

The school is proud of a long list of Sprott-Shaw medalists in Canadian championship typewriting contests. The list includes the name of Miss Evelyn Neale, who won the Novice Canadian Championship in 1927 and was fourth in the World's Novice Contest at New York the same year.

Sprott-Shaw courses include stenography, commercial, complete business course, business administration, secretarial, higher accounting, radio-telegraphy, civil service, preparatory course (general elementary education), college course, private tuition and special coaching.

INSTITUTE GIVES SECRETARY TOKEN OF APPRECIATION

Special to The Victoria Times

Duncan, Aug. 29.—Mrs. F. G. Christman, president of the Cowichan Women's Institute, assisted by her fellow directors, gave a most enjoyable tea at her pretty home in Duncan on Tuesday afternoon.

The guest of honor was Mrs. Lucy Rofe, secretary of the Institute, who is leaving to reside in Vancouver. She was presented with a letter-writing case from the members of the Institute as a parting gift and token of esteem.

LIBERALS OF DUNCAN MAKE PRESENTATION

Special to The Victoria Times

Duncan, Aug. 29.—The Duncan Liberal Association held a special meeting on Tuesday evening as a farewell to Mrs. Lucy Rofe, who is leaving Duncan to reside in Vancouver. Mrs. Rofe has been secretary-treasurer of the association for the past three years, and has worked indefatigably in the interests of the Liberal party. In the absence of the president, Mr. Thomas George Savage, vice-president, took the chair, and presented Mrs. Rofe with two handsome electric gifts as a token of esteem from her fellow workers. Mrs. Rofe made an apt little speech of thanks, voicing her regret at leaving the district.

Mr. Savage was later elected secretary-treasurer in place of Mrs. Rofe and D. Hattie was elected vice-president instead of Mr. Savage.

SKELETON LONG IN WILDS FOUND DURING BIG FIRE

Great Falls, Mont., Aug. 29.—The skeleton of a trapper that had lain undisturbed for years—perhaps for half a century—was uncovered by a forest fire in the Lewis and Clark Forest when the powder in the dead man's gun exploded from the heat of the flames.

Fire-fighting crews heard the explosion, but were unable at the time to investigate because of the intense heat. Yesterday the fire was placed under control and the curious men returned to the spot where the had heard the explosion.

They found the skeleton of the man, who apparently was killed by an animal, lying in the spot where he had made his camp. Beside the bones was a rifle with the date 1878 on it, and an old heavy iron skillet, a type long since off the market. A salt shaker, rusted to shreds, and two bottles of poison of a type used by trappers were the only other things found.

ENGAGED 74 YEARS

When Jacob Schwartz, above, left Germany seventy-four years ago, his fiancée, Freda Schmidt, said she would wait for him until he came back to marry her. Now Schwartz is ninety-one and she is ninety, but she has waited all these years and they are going to be married soon at Kamshehn-on-the-Rhein. Schwartz, who lives in Los Angeles, have left for Germany.

RIFLE SHOOTING

With scores of 102, Lieutenant O. J. Weiler and Sergeant A. E. Ashe tied for first honors in the Canadian Scottish Rifle Association's weekly practice shoot at Heale ranges yesterday. Sergeant R. Regan came next, three points behind the leaders.

Ashe scored a 34 at 200 yards, while Weiler fell one below him at this distance. Both tied with 33 at 500 yards and Weiler came back at 600 to even the total score with a 34, while Ashe netted a 33.

The remainder of the field in the order in which they finished follow: J. M. Regan followed with 31, 35, 39. Others were Lieut. David Fyvie, 32, 34, 40; Capt. W. E. Tapley, 30, 31, 31; Capt. S. Benson, 32, 30, 28; Pte. A. W. Evans, 26, 27, 33; Pte. W. E. Mitchell, 25, 31, 28.

BANQUET.
Those wishing to attend the banquet to be given in honor of the British Columbia members of the Bisley team at the Chamber of Commerce tomorrow evening at 7:30 o'clock are requested to secure their tickets as soon as possible from the secretary of the Canadian Legion branch in Victoria as only a limited number are available.
Hon. J. Hinchliffe will represent the Provincial Government at the banquet; Lieutenant-Commander Taylor, the navy; Col. Beakes, V.C. or Col. Gilmour, D.S.O., M.D., No. 11, and Mayor Anson at the City of Victoria. The toast list will include: The King, Canadian Bisley Team, Navy and Army, The Province and City of Victoria.

RIVAL WIVES

"Yes," Morgan answered. The flush on his thin, drawn face deepened. "She—she stopped me on the street yesterday. She—she seems very much concerned about the boy, thinks boarding school might be a more—wholesome atmosphere, if—since—He floundered to a stop, and Nan saw that the hand which held his fork was shaking like a sick, old man's."

Nan did not answer aloud, but her lips twisted with that cynical, bitter smile which came so frequently now as he finished his sentence mentally. "If I won't acknowledge myself beaten and make way for her to come back?" In the meantime, Iris took care that Morgan should not forget her beauty, the weapon which, after all, was the deadliest in her possession. Regardless of swirling snow or bitter winds, she appeared upon her front porch every morning just before time for her former husband to quit his own house for the office. Invariably she waved him a gay greeting. And every evening of that first week she hit upon a new pretext for being conspicuously in evidence when he returned from his work.

The third day of the Blackhull trial Nan overheard Blake, the young lawyer, who served the firm on salary, remark disgustedly to Evans, the clerk: "Guess who's suddenly developed a violent passion for courtroom drama? None other than the fair Iris—the boss' ex-frau, you know. Fact! Had a front row seat this morning and yesterday morning. I heard she tipped that new dumbbell of a hall to fix it for her. . . . Was the boss fussed? Don't ask!"

"She ought to be ridden out of town on a rail—coming back here as guffing up the works just when Nan had—"

The sound of her own name, in Evans' answering growl, roused the eavesdropper from the lethargy of despair which Blake's news had brought upon her. She turned back into her own office, and for an hour David Blackhull, on trial for his life and in need of every atom of help she could give him, was completely deprived of her services.

The tedium of courtroom procedure must have bored Iris, however, for on Monday she resorted to more direct and dramatic methods. Nan, accompanying her husband to the front steps to tell him goodbye until noon, glanced across the street and saw the slim body of her rival staggering out of the door, bent under the weight of the heavy steepladder she was carrying.

She knew that Morgan saw, too, for he took a quick, involuntary step as if he were to go to his former wife's aid. Deliberately, Nan kept on with what

return: "Mother's ankle is awful bad. She said she wished you'd come over and stay with her this evening. Father. She said she knew you would not, but she wished you would."

"I'm sorry, son, but I'm afraid I can't," Morgan answered gently. "You see, I've got a terribly important case on in court, and I've got to work all evening."

"Looks like mother would be more important than any old case," Curtis protested with sullen vehemence. "She said you wouldn't come, 'cause Nan wouldn't let you—not even if she was dying, she said—"

"Curtis! Even say what mother told me to say," Curtis burst into tears. "You have delivered your mother's message," Morgan retorted sternly. "Now stop blubbering and eat your dinner."

"Don't want any dinner Curtis sobbed. 'Not hungry. Sides, I feel sick.'"

"What did you eat this afternoon, Curtis?" Nan asked quietly. "Didn't eat nothing but some caviar sandwiches, 'n some mangle pickles, 'n some ice cream and nut cookies."

Curtis sniffed, caught off his guard. Then he glared at Nan. "Who wants to know? It's business your business. I didn't eat nothing—anything, I mean."

To Nan it seemed so like old times when he heard the child correct his grammar, that she smiled, in spite of her dreadful anxiety for his health. He did look sick.

"If you're sick, you'd better go to bed immediately," Morgan suggested coldly.

The child slipped from his chair without protest, but stood swaying dizzily. Nan sprang to her feet and ran to him, her heart pounding with fear.

"Here don't try to lift him!" Morgan commanded. "I'll carry him upstairs."

"After Nan," the child whimpered. "After he had been very sick indeed, with Nan holding his head over the bathroom basin, Curtis weakly urged his father out of the room."

"Want Nan," he repeated. "Want Nan all by herself. When he had his wish, Curtis hid his clammy, pale little face against the girl's breast and whispered gaspingly: "I—don't hate you, Nan. Honest—I don't. I'm awful mean."

"No, no!" Nan soothed him, tears gushing out of her eyes. "You're just ill, darling—"

"No, I'm mean!" Curtis insisted. "Do you hate me, Nan? Do you?"

"No, I love you!" Nan cried fiercely. "But, darling, don't fret over nothing. It's awful to have two mothers."

Curtis sobbed on. "And I thought it would be swell, before—before mother came back. Two ought to be twice as good as one; and I guess it would be that way if they didn't hate each other—I don't want to be mean to you, Nan, but—"

"I know. I understand just how hard it is for you, darling. Now kiss Nan and go to sleep."

As she groped her way down the stairs, Nan, and I guess it would be that way if they didn't hate each other—I don't want to be mean to you, Nan, but—

At midnight the next night her despairing question was answered, for, for home in on the wings of tragedy, Iris Morgan returned to the home she had deserted a year before.

Dog Cleans Feet Penitently

A friend tells about a dog named "Jessie," belonging to an acquaintance. Jessie was not allowed in the drawing-room until her feet had been cleaned. One day a visitor in the house heard her barking outside the French windows, and thinking she wanted to come in, entered, but the moment she saw she was in the drawing-room, she dashed out through her tail between her legs.

The visitor followed, and found she had run to a tub of water in the rear of the house, in which she was standing penitently.

Chicagoettes Trio To Sing Over CFCT

The famous radio stars who are now on tour, the Chicagoettes, will be present in the studio of CFCT, Victoria's radio station, at 7:30 o'clock next Saturday evening, ready to entertain radio listeners with a fifteen-minute programme. The Chicagoettes are a trio of dainty misses with excellent voices who sing nothing but special arrangements, and they are reputed to be one of the finest trios in the country. They are associated with WMAQ of Chicago, and the Columbia chain; WLS and WBBM, also of Chicago, as well as the network of the National Broadcasting Company. Their programme next Saturday evening will doubtless prove entertaining to a great many radio listeners.

SIGNS FOR NBC

The bonnie songs of Scotland, sung as only Sir Harry Lauder can sing them, are to be heard over the radio by Canadian and United States fans for the first time. The world-famous Scotsman will sing three of his favorites, "I Love a Lassie," "Wee Hoose 'Mang the Heather," and "Roamin' in the Gloamin'." On Sunday evening, September 1, over a network of NBC stations and three Canadian stations originating at Winnipeg.

EMPIRE FREE TRADE

London, Aug. 29 (Canadian Press Cable).—The Conservative Party of Great Britain would welcome any move on the part of the dominions in the direction of Empire free trade, said Right Hon. W. G. A. Ormsby-Gore, former Under-Secretary for the Colonies, in a speech last night. He said free trade throughout the Empire was a most desirable thing if it was practicable.

Holmes Made Trouble Whispering in School

Little Oliver Wendell Holmes was whispering again. That was his one bad habit, and the despair of his teachers. He didn't neglect his studies. In fact, the trouble was that he was such a bright boy that he had many moments to spare while the duller students were plodding along with their lessons. Having nothing to do, he always found some one to whom he could whisper.

Fortunately, his teacher was a kind and sympathetic man. He saw that Oliver, in spite of his whispering, was more of a real student than

the other boys. Sometimes the teacher would glance quickly in Oliver's direction when the boy was whispering, and Oliver would become quite suddenly busy with a book. Since the teacher never said anything, the lad supposed, however, that his whispering hadn't been noticed.

Once when Oliver was leaning over to say something to his neighbor, the teacher suddenly left his platform and came down the aisle. Oliver thought his time of punishment had come at last.

The teacher smiled at him strangely, tapped him on the forehead, and said, "I suppose you can't help it, and you do so well!" Then he went on to explain that since Oliver whispered and got good grades, he set a bad example for boys who couldn't spend time whispering without getting behind in their lessons.

Oliver felt ashamed, since he saw he was making trouble for his kind teacher, and after that he tried very hard to keep from whispering.

Oliver Wendell Holmes, famous writer, was born in Cambridge, Massachusetts, August 29, 1809.

BEDTIME STORY

Uncle Wiggily's Stumble Bug

Copyright, 1929, by McClure Newspaper Syndicate.

(By HOWARD R. GARIS)

Not so very many years ago, once upon a time, Uncle Wiggily was hopping toward his hollow stump bungalow, having been out in the woods, he heard Nurse Jane call out: "There you are again! I nearly stepped on you that time. You had better keep out of my way."

"Goodness!" thought Uncle Wiggily to himself. "Can it be there is another new rabbit at my house?" For he knew that often happened. "Maybe some new little bunny tried to hop across the kitchen when Nurse Jane was hurrying to put a cake in the oven," thought Mr. Longears, "and she might have dropped the cake on him."

He hopped faster to the bungalow and as he neared the open kitchen door he heard the muskrat lady housekeeper say: "Now don't do that again, please!" "Who is it? What's the matter?" asked Uncle Wiggily.

"Oh, it's a big bug," said Nurse Jane with a laugh, "and I nearly stepped on him. I had to give a hop-skip and a jump so I wouldn't step on him and I nearly tumbled."

"I wish you'd go away."

"Oh, so it wasn't a little bunny getting under your feet?" asked Mr. Longears.

"No, it was this stumble bug," and Nurse Jane laughed again. "I call him a stumble bug," she said, "for I have so often stumbled over him in trying not to step on him."

"He must be a funny bug!" laughed the rabbit gentleman.

"Oh, if you please, I don't mean to be funny!" buzzed the big, black bug who was waltzing across the kitchen floor. "I was just walking along by myself."

"Yes, but you always manage to just walk along when I am hurrying across the kitchen," said Nurse Jane, "and I'm always afraid of stepping on you. I wish you'd go away."

"All right," buzzed the stumble bug. "I'll go away," and he buzzed so sadly that Uncle Wiggily felt sorry for the poor chap.

"Perhaps you shouldn't have said that, Nurse Jane," spoke the rabbit gentleman as the black bug crawled out the back door.

"Oh, I can't have that stumble bug around bothering me!" squeaked the muskrat lady. "He's always under foot."

Hardly had she spoken than from the back steps a voice cried: "Look out! There! I nearly stepped on you! Oh, here I go!"

Uncle Wiggily ran to the door and saw fat Mrs. Twistytail, the lady pig, falling down the back steps. She landed with a soft thump and thud at the bottom.

"Oh, my dear Mrs. Twistytail! What

To-morrow's Horoscope

FRIDAY, AUGUST 30, 1929

According to astrology, this is an uncertain day in planetary government. Adverse influences are active.

Under this direction of the stars the breakfast hour may be unhappy, for there may be a disposition to find fault.

Family dissensions may be easily started while this rule prevails. It is wise to maintain a pleasant exterior, no matter how irritable one may feel.

Unusual weather may complicate plans for to-day, which is likely to be trying to patience and temper.

There is a sign of promise for those who seek employment. It is worth while to make an effort under this way.

For persons who are safe from financial worries the day should be fairly fortunate since it brings to them a sense of well-being.

The seers caution most emphatically all who are young and inclined to spend money extravagantly. They foretell serious lack a long time hence when economic conditions they foresee have come to pass.

Many lines of mercantile business should profit fairly under this way, which is favorable for builders, architects, contractors and engineers who need supplies.

It is well to adhere strictly to the truth and to watch even the slightest temptation to deceive while this aspect prevails.

Persons whose birthdate it is may meet many sudden changes and unexpected experiences in the coming year.

Children born on this day probably will be intensely active, fond of sports and inclined to be fond of nature. The subjects of this sign often have a strong sense of color.

Julian A. Weil, artist, was born on this day, 1892. Others who have celebrated this day include United States Senator Lawrence C. Phillips, 1862; Edward Charles Moore, famous American goldsmith, 1827; Emilie Brenner, painter, 1814; Karl Johann Arnold, German painter of animals, 1829.

happened?" asked Uncle Wiggily, hurrying to pick the pig lady up.

"I saw a big black bug crawling down the steps," she grunted. "I skipped to one side so I wouldn't step on him and I stumbled and fell."

"Ha! What did I tell you? That stumbling bug again!" cried Nurse Jane.

"I couldn't help it," buzzed the bug. "I was crawling as fast as I could to go away where I won't bother anybody."

"It isn't your fault, of course," said Uncle Wiggily kindly. "But I'm afraid you are a sad stumble bug."

"Oh, now you've made him cry!" said Mrs. Twistytail, who had a very kind heart for a pig. "I'll forgive you," she said. "And I'm not hurt a bit by falling down the steps, really I'm not."

Which was the truth, for she was very fat like a sofa cushion.

Uncle Wiggily was wondering what he could do about the stumble bug, for he felt sorry for the poor chap. But the bug seemed to be crawling toward the back of the yard and Uncle Wiggily was helping Mrs. Twistytail up the steps. She had come in that way to bring over some apple dumplings she had just baked.

"And there is one for you, Uncle Wiggily," said the pig lady.

Uncle Wiggily felt so jolly and happy while eating his apple dumpling that he did not watch where he was going as he walked toward the back yard and, all of a sudden, out from behind the bushes popped the sly and hungry Bob Cat.

But just as the Bad Chap was about to grab the rabbit, across the path crawled the big, black bug. And the Bob Cat, not wanting to step on the insect, jumped himself to one side, tripped, stumbled and fell. And that gave Uncle Wiggily a chance to run back into the house and lock the door.

"Oh, dear!" buzzed the bug out in the yard. "I made somebody else stumble and fall. Oh! what shall I do?"

"Don't worry," said Uncle Wiggily. "It's a good thing you made the Bob Cat stumble and fall, else he'd have caught me. After this you shall live in a special box in my bungalow."

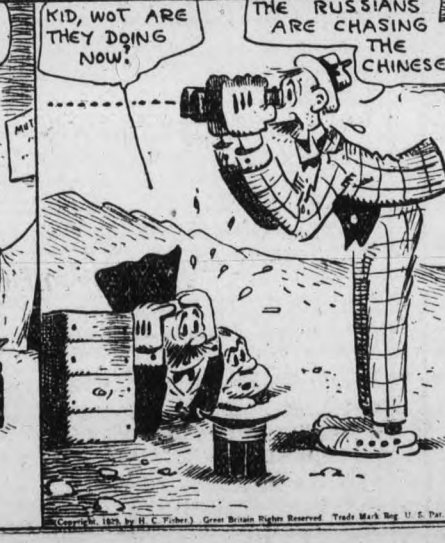

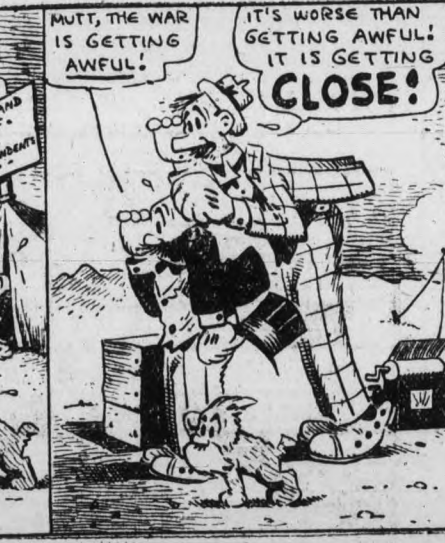

So he made a little box house for the bug and by staying in it the insect never made any one stumble again. So everything was all right.

NEW FIRE ALARM CABLE FOR CITY

Industrial Reserve and Victoria West to Benefit By Spanning of Harbor

Largely as the outgrowth of expansion on the Industrial Reserve, the City will commence next week the laying of 1,000 feet of armored marine cable across the Inner Harbor from Telegraph Street to Harbor Road for fire alarm purposes. The installation will be made under the direction of W. B. McMicking, chief signal electrician of the fire department.

graph Street end. From there the marine armored cable, with twelve conductors, in six pairs, will cross the water gap, resting on the harbor bottom. The cable will be trenched again as it leaves the water and will serve as a main trunk line from which most of Victoria West and the Industrial reserve will be served.

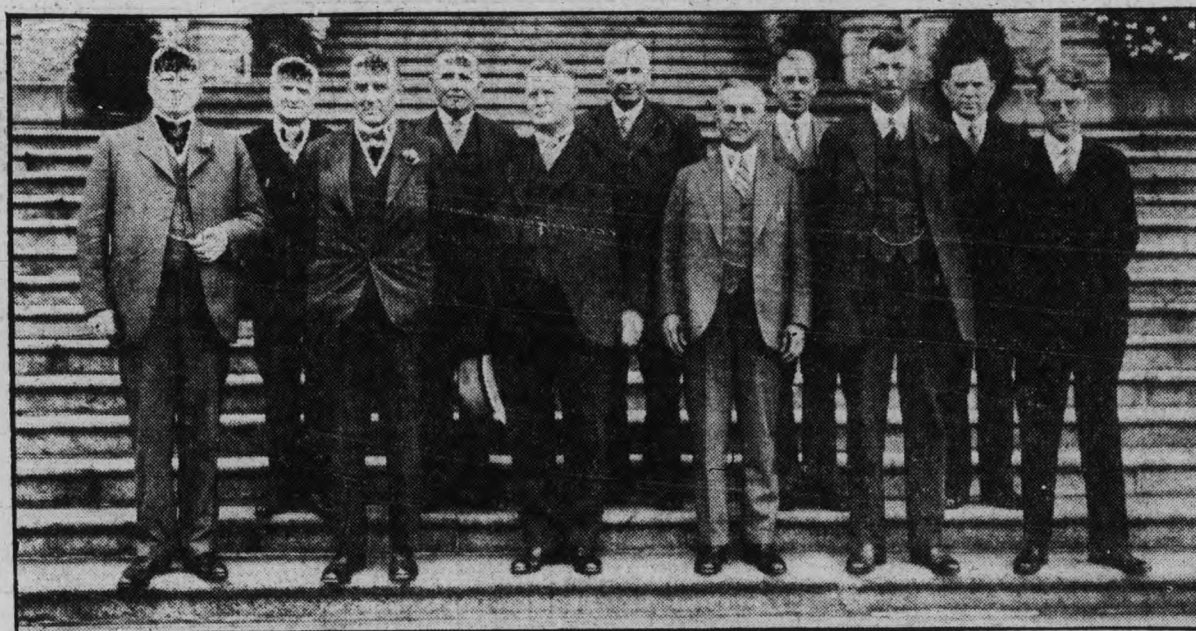

At present fire alarm signal circuits cross the harbor on Point Ellice Bridge, but a proposed increase in the voltage to be carried by power lines across that bridge will make the change a beneficial one for the Fire Department. The Point Ellice fire alarm cable will be disconnected as soon as the new cable is in place.

When a kid I went to school.
It cost me fourpence a week.
If I didn't bring it Monday
Home again I'd break.
We had no pens and paper
But pencil and a slate.
We were licked for being absent.
The teacher was no nursemaid.
He made it very clear
If we didn't get it in our head.
We got it in the rear!

the cost of a broken stained glass window at Victoria College. Trustee Beckwith complained of a water bill of \$280 received from the city. The amount was "iniquitous," he said. It was paying for water at champagne rates, thought Trustee Peden. The bill may be challenged. It was intimated.

The board voted \$357 for biological and zoological supplies at Victoria College, and went into committee to consider staff appointments. Trustees George Jay, chairman; J. L. Beckwith, Alex. Peden, J. S. McMillan, G. A. A. Hedden, A. C. Pike and W. C. Moresby, K.C., attended.

Heavy Demand For Tickets to Hear Winston Churchill

As a speaking magnet, Right Hon. Winston S. Churchill, former Chancellor of the Exchequer of Great Britain, will prove to be the most popular guest of the Canadian Club this year.

The heavy demand for admission to the Canadian Club luncheon at the Empress Hotel at 12.15 o'clock on September 5, when Mr. Churchill will speak, has forced the directors of the club to frame the following regulations governing the sale of tickets: Tickets will be available at Cochrane's Drug Store as follows:

On Saturday, August 31, from 9 a.m. to 1 p.m., and on Monday, Labor Day, from 10 a.m. to 12 noon and from 6 p.m. to 10 p.m., for members in good standing only as on August 28.

On Tuesday, September 3, from 9 a.m. to 10 p.m. for members in good standing and for new applicants for membership, to whom any remaining tickets will be sold in the order in which the new applications have been received.

The members' usual privilege of bringing a guest has been withdrawn for this occasion.

Owing to the lack of accommodation, the executive of the club regrets that it will not be able to allow the Women's Canadian Club to attend the luncheon address.

IT'S folly to suffer long from neuritis, neuralgia, or headaches when relief is swift and sure, thanks to Aspirin. For 28 years the medical profession has recommended it. It does not affect the heart. Take it for colds, rheumatism, sciatica, lumbago. Gargle it for a sore throat or tonsillitis. Proven directions for its many uses, in every package. Every drug store today has genuine Aspirin which is readily identified by the name on the box and the Bayer cross on every tablet.
